York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole

Survival Guide "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

Over the past 25 years, Adam Starchild has been the author of over two dozen books, and hundreds of magazine articles, primarily on business and finance. His articles have appeared in a wide range of publications around the world -- including Business Credit, Euromoney, Finance, The Financial Planner, International Living, Offshore Financial Review, Reason, Tax Planning International, The Bull & Bear, Trust & Estates, and many more. Now semi-retired, he was the president of an international consulting group specializing in banking, finance and the development of new businesses, and director of a trust company. Although this formidable testimony to expertise in his field, plus his current preoccupation with other books-in-progress, would not seem to leave time for a well-rounded existence, Starchild has won two Presidential Sports Awards and written several cookbooks, and is currently involved in a number of personal charitable projects.

How to Find Out About Patents presents a basic knowledge of patent matters and provides a few facts regarding patent law and procedures. This book provides a description of the literature available for finding out about patents followed by a

comprehensive consideration of the techniques used to obtain any desired information from this. Organized into 15 chapters, this book starts with an overview of the procedure and the requirements of obtaining a patent wherein the inventor usually goes to a patent agent who drafts a patent specification and files this at the Patent Office. This text then explains the patent specification, which is the fundamental document of patent literature and is a statement of the nature of the invention. Other chapters consider the main value of the Patent Journal to industry, which is indispensable as a record of any week's activity at the Patent Office. The final chapter deals with the

establishment of a patents department in an industrial company's organization. This book is a valuable resource for professional patent agents.
