He demonstrates the enormous diversity and constant change that characterized every aspect of music during this period. By dividing his text into twenty-year spans, Downs is able to trace the development of musical style. Within each span he looks at the social conditions and daily life of the musician, and the aesthetics and audience preferences in structures, performing combinations and styles. The lesser composers, or Kleinmeister, are observed, since they are the most accurate mirrors of their times. Haydn, Mozart and Beethoven receive full biographical scrutiny at each stage of their development. Copious music examples and abundant illustrations are also provided. Courier Dover Publications

Joseph Haydn is one of the greatest and most innovative of all composers, yet in some ways he is still curiously misunderstood. This engaging new Pocket Guide assesses what Haydn's music means to us today, and challenges some of the myths that have grown up around the composer. Read Along or Enhanced eBook: Anna Harwell Celenza's engaging fictionalized telling of the story behind Franz Joseph Haydn's famous symphony is a perfect introduction to classical music and its power. THE FAREWELL SYMPHONY brings to life a long summer spent at Esterháza, the summer palace of Prince Nicholas of Esterházy. The blustering, bellowing prince entertained hundreds of guests at his rural retreat and demanded music for every occasion. As the months passed, Haydn was kept very busy writing and performing music for parties, balls, dinners, and even walks in the gardens. His orchestra members became homesick and missed their families. The anger, frustration, and longing of the musicians is expressed beautifully in the symphony born of the clever mind of Joseph Haydn who used it to convince Prince Nicholas that it was time to go home. Wonderfully expressive illustrations by JoAnn E. Kitchel capture all the comedy and pathos of this unique symphony. Beautifully interpretive motifs and borders convey the setting and emotion of the story mirroring the structure of the symphony with the repetitive use of sets of four. Making classical music and history come alive with color and character, THE FAREWELL SYMPHONY ensures a place for the arts in the hearts and minds of children.

Franz Joseph Haydn (1732 1809) has been called the father of the symphony and the string quartet. A friend of Mozart and a teacher of Beethoven, "Papa" Haydn composed an amazing variety of music -- symphonies, string quartets, concerti, masses, operas, oratorios, keyboard works -- and his prolific output celebrates both the heights and depths of life. In this fascinating book Calvin Stapert combines his skills as a biographer and a musicologist to recount Haydn's steady rise from humble origins to true musical greatness. Unlike other biographers, Stapert argues that Haydn's work was a product of his devout Catholic faith, even though he worked mainly as a court musician and the bulk of his output was in popular genres. In addition to telling Haydn's life story, Stapert includes accessible listening guides to The Creation and portions of other well-known works to help Haydn listeners more fully appreciate the brilliance behind his music.
