SKYLAR MELINA

Jet Morgan Kaufmann

In *Only Love Can Break Your Heart*, David Samuels writes with a reportorial acumen and stylistic flair that recall the pioneering New Journalism of Gay Talese, Tom Wolfe, and Joan Didion. Combining elegant, nuanced personal essays with far-out reporting—on the lives of radicals in the Pacific Northwest, anti-abortion zealots, demolition experts, suburban hip-hop stars, and more—Samuels shows us an American landscape whose unsettling mix of profound dislocations and blue-sky optimism is both instantly recognizable and thrillingly new. These essays display his unusual sensitivity to both the tragic and comic dissonances that bubble up from the gap between the American promise of endless nirvana and the lives of salesman, dreamers, aging baseball legends, crackpots, atomic test site workers, and dog track bettors who struggle to live out their dreams one day at a time.

Includes coverage of new high-speed services.

PC Mag O'Reilly Media

Developed from the authors' longstanding course on decision and risk analysis, *Value-Added Decision Making for Managers* explores the important interaction between decisions and management action and clarifies the barriers to rational decision making. The authors analyze strengths and weaknesses of the best alternatives, enabling decision makers to improve on these alternatives by adding value and reducing risk. The core of the text addresses decisions that involve selecting the best alternative from diverse choices. The decisions include buying a car, picking a supplier or home contractor, selecting a technology, picking a location for a manufacturing plant or sports stadium, hiring an employee or selecting among job offers, deciding on the size of a sales force, making a late design change, and sourcing to emerging markets. The book also covers more complex decisions arising in negotiations, strategy, and ethics that involve multiple dimensions simultaneously. Numerous activities interspersed throughout the text highlight real-world situations, helping readers see how the concepts presented can be used in their own work environment or personal life. Each chapter also includes discussion questions and references. Web Resource The book's website at <http://ise.wayne.edu/research/decision.php> offers tutorials of Logical Decisions software for multi-objective decisions and Precision Tree software for probabilistic decisions. Directions for downloading student versions of the DecisionTools Suite and Logical Decisions software can be found in the appendices. Password-protected PowerPoint presentations for each chapter and solutions to all of the numeric examples are available for instructors.

THE FASTEST 30 BALLGAMES is a World Record journey of

dedicated Ballpark Chaser, Chuck Booth. In the summer of 2009, Booth accomplished this amazing feat of attending a full baseball game at every Major League Baseball home teams ballpark in only 24 calendar days. Booth managed this after falling just short of the record in 2008. The book chronicles the story of Booth as he rearranged his life to attempt the World Record after hearing the inspirational story of Jim Maclaren who faced two near death experiences—and how Jim overcame being a quadriplegic to become one of the most respected motivational speakers in America. The story features write-ups of all ballparks Booth visited during the streak with a look at traditions and physical appearance. It also reveals how after he became a member of Ballpark Chasers, he decided to include Chaser Guides that offer suggestions on how to travel, where to eat and sleep, the best parking, transportation to and from the ballpark, where to score the best seats and so much more. This knowledge is passed on to the reader in hopes of saving them time, money and stress when Ballpark Chasing around the country. Co-authors are fellow Ballpark Chasers: Craig B. Landgren and Ken Lee. Craig assisted with the Ballpark Chaser Guides while Ken charted Booths record attempt in 2009. Throughout the book look for other featured Ballpark Chasers personal ballpark stories and memories that have forever changed their lives.

Treasures in Tragedy AuthorHouse

After Steven died, I began to read books about grieving, written by those who also had a child die. I could not get enough. I needed to feel like I was not alone. I needed to identify with somebody. I needed to know that I was not going crazy and that what I was feeling was normal -- whatever normal means when your child has died. It helped knowing others had gone through what I was now experiencing. I learned that bereaved parents may do things that seem strange to others. That does not mean they are crazy or that they are not moving forward in their grief. They are coping the best way they can. They are trying to keep their child's memory alive. Darcie Sims, a former grief counselor and bereaved parent, once said that as long as you are not hurting yourself or anyone else, then you are grieving exactly the way you need to do it.

Popular Mechanics HarperCollins Publishers
