The debut cookbook from the Saveur blog award-winning Internet expert on making eating cheap dependably delicious As a college grad during the recent great recession, Beth Moncel found herself, like so many others, broke. Unwilling to sacrifice eating healthy and well—and armed with a degree in nutritional science—Beth began tracking her costs with obsessive precision, and soon cut her grocery bill in half. Eager to share her tips and recipes, she launched her blog, Budget Bytes. Soon the blog received millions of readers clamoring for more. Beth's eagerly awaited cookbook proves cutting back on cost does not mean cutting back on taste. Budget Bytes has more than 100 simple, healthy, and delicious recipes, including Greek Steak Tacos, Coconut Chicken Curry, Chorizo Sweet Potato Enchilada, and Teriyaki Salmon with Sriracha Mayonnaise, to name a few. It also contains expert principles for saving in the kitchen—including how to combine inexpensive ingredients with expensive to ensure that you can still have that steak you're craving, and information to help anyone get acquainted with his or her kitchen and get maximum use out of the freezer. Whether you're urban or rural, vegan or paleo, Budget Bytes is guaranteed to delight both the palate and the pocketbook.

Cambridge English Skills Real Listening and Speaking 3 without answers Oxford University Press, USA

Ever since Einstein's study of Brownian Motion, scientists have understood that a little disorder can actually make systems more effective. But most people still shun disorder—or suffer guilt over the mess they can't avoid. No longer! With a spectacular array of true stories and case studies of the hidden benefits of mess, *A Perfect Mess* overturns the accepted wisdom that tight schedules, organization, neatness, and consistency are the keys to success. Drawing on examples from business, parenting, cooking, the war on terrorism, retail, and even the meteoric career of Arnold Schwarzenegger, coauthors Abrahamson and Freedman demonstrate that moderately messy systems use resources more efficiently, yield better solutions, and are harder to break than neat ones. Applying this idea on scales both large (government, society) and small (desktops, garages), *A Perfect Mess* uncovers all the ways messiness can trump neatness, and will help you assess the right amount of disorder for any system. Whether it's your company's management plan or your hallway closet that bedevils you, this book will show you why to say yes to mess.

A Perfect Mess Cambridge University Press

Q Skills for Success encourages students to think critically and succeed academically. Q's question-centred approach provides a unique critical thinking framework for each unit. This develops key cognitive skills such as analyzing, synthesizing, and evaluating—as well as developing the language skills essential for academic success. Learning outcomes are clearly stated at the start and end of the units, with competency self-evaluations and vocabulary check lists featuring the Academic Word List. This enables teachers to define learning outcomes effectively to accreditation bodies. Key features: Learning outcomes are clearly stated at the start and end of the units Critical thinking unit approach encourages students to analyze, synthesize, apply knowledge, and develop an individual voice around a topic Thought-provoking unit questions provide a clear focus for the units Reading and listening texts explore a range of academic subjects from biology to finance Explicit learning skills sections help students develop important academic skills such as scanning a text, listening for gist, and using a dictionary Research-based vocabulary program focuses on words from the Academic Word List (AWL) and the Oxford 3000(tm) Digital Workbook includes substantial homework practice, reference and tests, with simple LMS to help teachers assign and grade work

Q - *Skills for Success - Listening and Speaking* OUP Oxford

“Boaler is one of those rare and remarkable educators who not only know the secret of great teaching but also know how to give that gift to others.” — CAROL DWECK, author of *Mindset* “Jo

Boaler is one of the most creative and innovative educators today. *Limitless Mind* marries cutting-edge brain science with her experience in the classroom, not only proving that each of us has limitless potential but offering strategies for how we can achieve it.” — LAURENE POWELL JOBS “A courageous freethinker with fresh ideas on learning.” — BOOKLIST In this revolutionary book, a professor of education at Stanford University and acclaimed math educator who has spent decades studying the impact of beliefs and bias on education, reveals the six keys to unlocking learning potential, based on the latest scientific findings. From the moment we enter school as children, we are made to feel as if our brains are fixed entities, capable of learning certain things and not others, influenced exclusively by genetics. This notion follows us into adulthood, where we tend to simply accept these established beliefs about our skillsets (i.e. that we don’t have “a math brain” or that we aren’t “the creative type”). These damaging—and as new science has revealed, false—assumptions have influenced all of us at some time, affecting our confidence and willingness to try new things and limiting our choices, and, ultimately, our futures. Stanford University professor, bestselling author, and acclaimed educator Jo Boaler has spent decades studying the impact of beliefs and bias on education. In *Limitless Mind*, she explodes these myths and reveals the six keys to unlocking our boundless learning potential. Her research proves that those who achieve at the highest levels do not do so because of a genetic inclination toward any one skill but because of the keys that she reveals in the book. Our brains are not “fixed,” but entirely capable of change, growth, adaptability, and rewiring. Want to be fluent in mathematics? Learn a foreign

language? Play the guitar? Write a book? The truth is not only that anyone at any age can learn anything, but the act of learning itself fundamentally changes who we are, and as Boaler argues so elegantly in the pages of this book, what we go on to achieve.

Q Skills for Success, Level 5 Oxford University Press, USA

From the creator of the popular website *Ask a Manager* and New York’s work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There’s a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office

because they simply don’t know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You’ll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you’re being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate’s loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for *Ask a Manager* “A must-read for anyone who works . . . [Alison Green’s] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author’s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’ lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green’s *Ask a Manager* column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “*Ask a Manager* is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*
