Association of Financial Mutuals  
 At the heart of the prudential Solvency II directive, the own risk and solvency assessment (ORSA) is defined as a set of processes constituting a tool for decision-making and strategic analysis. It aims to assess, in a continuous and prospective way, the overall solvency needs related to the specific risk profile of the insurance company.  
 Own risk and solvency assessment - Wikipedia  
 Footnote 12. OSFI may request that a report by an objective reviewer be prepared and made available at a specific date so it can be included in a planned review of an insurer’s ORSA.
