*DEFENSE OF THE MUSLIM LANDS The first
Obligation After Iman* Bloomsbury
Publishing

On Salafism offers a compelling new understanding of this phenomenon, both its development and contemporary manifestations. Salafism became associated with fundamentalism when the 9/11 Commission used it to explain the terror attacks and has since been connected with the violence of the so-called Islamic State. With this book, Azmi Bishara critically deconstructs claims of continuity between early Islam and modern militancy and makes a counterargument: Salafism is a wholly modern construct informed by specific sociopolitical contexts. Bishara offers a sophisticated account of various movements—such as Wahabbism and Hanbalism—frequently collapsed into simplistic understandings of Salafism. He distinguishes reformist from regressive Salafism, and examines patterns of modernization in the development of contemporary Islamic political movements and associations. In deconstructing the assumptions of linear continuity between traditional and contemporary movements, Bishara details various divergences in both doctrine and context of modern Salafisms, plural. On Salafism is a crucial read for those interested in Islamism, jihadism, and Middle East politics and history.

فتاوى المرأة Cambridge Scholars
Publishing

The American Journal of Islamic Social Sciences (AJISS), established in 1984, is a quarterly, double blind peer-reviewed and interdisciplinary journal, published by the International Institute of Islamic Thought (IIIT), and distributed worldwide. The journal showcases a wide variety of scholarly research on all facets of Islam and the Muslim world including subjects such as anthropology, history, philosophy and metaphysics, politics, psychology, religious law, and traditional Islam.

Albani & His Friends Springer Science &

Business Media

An in-depth study of the militant Islamic Laskar Jihad movement and its links to international Muslim networks and ideological debates. This analysis is grounded in extensive research and interviews with Salafi leaders and activists who supported jihad throughout the Moluccas.

Fatawa Islamiyah Bloomsbury Publishing
USA

This volume examines the ritual practices of Salafism, analysing both scholarly research and individual experience.

Towards Understanding of Tadmuriyyah
Aqsa publications

Jihad is one of the most loaded and misunderstood terms in the news today. Contrary to popular understanding, the term does not mean "holy war." Nor does it simply refer to the inner spiritual struggle. This book, judiciously balanced, accessibly written, and highly relevant to today's events, unravels the tangled historical, intellectual, and political meanings of jihad. Looking closely at a range of sources from sacred Islamic texts to modern interpretations, [This book] opens a critically important perspective on the role of Islam in the contemporary world. [The author] also describes some of the conflicts that occur in radical groups and shows how the more mainstream supporters of these groups have come to understand and justify violence.-Back cover.

Islam in Indonesia Oxford University Press
The book analyzes attitudes to people with various disabilities based on Muslim jurists' works in the Middle Ages and the modern era. Very little has been written so far on people with disabilities in a general Islamic context, much less in reference to Islamic law. The main contribution of the book is that it focuses on people with disabilities and depicts the place and status that Islamic law has assigned to them.

Minority Jurisprudence in Islam Springer

We live in an over-sexualised culture where sex and sexuality have become part of the public domain. This sexual revolution challenges Judeo-Christian and Islamic norms and boundaries. As such,

sexuality education is a sensitive and extremely important issue, and its current implementation in schools has raised public concerns. This book explores the subject, contextualising it within the matrix of Islamic beliefs and practices. Islam binds sexuality and sexual education to a moral grid with rights and obligations, justice and equity. There is a dominant discourse and stereotype around 'Islamic sexuality', which presents sex and sexuality as the biggest taboo, fraught with fear and seldom discussed. This book dispels such myths and misconceptions, providing an overview of sexuality education in the modern world and the need for such education.

*The Encyclopedia of the Arab-Israeli
Conflict [4 volumes] [4 volumes]*
Routledge

Drawing upon original case studies spanning North America, Europe and Australia, Muslim Citizens in the West explores how Muslims have been both the excluded and the excluders within the wider societies in which they live. The book extends debates on the inclusion and exclusion of Muslim minorities beyond ideas of marginalisation to show that, while there have undoubtedly been increased incidences of Islamophobia since September 2001, some Muslim groups have played their own part in separating themselves from the wider society. The cases examined show how these tendencies span geographical, ethnic and gender divides and can be encouraged by a combination of international and national developments prompting some groups to identify wider society as the 'other'. Muslim and non-Muslim scholars and practitioners in political science, social work, history and law also highlight positive outcomes in terms of Muslim activism with relationship to their respective countries and suggest ways in which increasing tensions felt, perceived or assumed can be eased and greater emphasis given to the role Muslims can play in shaping their place in the wider communities where they live. Closer Than a Garment - Marital Intimacy Cambridge University Press
According to many Islamic jurists, the

world is divided between dar al-Islam (the abode of Islam) and dar al-harb (the abode of war). This dual division of the world has led to a great amount of juridical discussion concerning what makes a territory part of dar al-Islam, what the status of Muslims living outside of this is, and whether they are obliged to obey Islamic jurisprudence. Susanne Olsson examines the differing understandings of dar al-Islam and dar al-harb, as well as related concepts, such as jihad and takfir. She thereby is able to explore how these concepts have been utilised, transformed and negotiated throughout history. As the subject of Muslims living in Europe is such a topical and sometimes controversial one, this book will appeal to researchers of modern Islam as integral to the Western experience.

Muslim Citizens in the West International Institute of Islamic Thought (IIIT)

Following the ideological disappointment of the 1967 Arab-Israeli War, an Islamic revival arose in Egypt. Yet, far from a mechanical reaction to the decline of secular nationalism, this religious shift was the product of impassioned competition among Muslim Brothers, Salafis and state institutions and their varied efforts to mobilize Egyptians to their respective projects. By pulling together the linked stories of these diverse claimants to religious authority and tracing the social and intellectual history of everyday practices of piety, Aaron Rock-Singer shows how Islamic activists and institutions across the political spectrum reshaped daily practices in an effort to persuade followers to adopt novel models of religiosity. In so doing, he reveals how Egypt's Islamic revival emerged, who it involved, and why it continues to shape Egypt today.

Arguing the Just War in Islam Harvard University Press

Jihad, with its many terrifying associations, is a term widely used today, though its meaning is poorly grasped. Few people understand the circumstances requiring a jihad, or "holy" war, or how Islamic militants justify their violent actions within the framework of the religious tradition of Islam. How Islam, with more than one billion followers, interprets jihad and establishes its precepts has become a critical issue for both the Muslim and the non-Muslim world. John Kelsay's timely and important work focuses on jihad of the sword in Islamic thought, history, and culture. Making use of original sources, Kelsay delves into the tradition of shari'a--Islamic jurisprudence and reasoning--and shows how it defines jihad as the Islamic analogue of the Western "just" war. He

traces the arguments of thinkers over the centuries who have debated the legitimacy of war through appeals to shari'a reasoning. He brings us up to the present and demonstrates how contemporary Muslims across the political spectrum continue this quest for a realistic ethics of war within the Islamic tradition. **Arguing the Just War in Islam** provides a systematic account of how Islam's central texts interpret jihad, guiding us through the historical precedents and Qur'anic sources upon which today's claims to doctrinal truth and legitimate authority are made. In illuminating the broad spectrum of Islam's moral considerations of the just war, Kelsay helps Muslims and non-Muslims alike make sense of the possibilities for future war and peace.

Modern Things on Trial Univ of California Press

Ritual and practice are one of the most distinctive features of religion, and they are linked with its central beliefs. Islam is no exception here, and this Handbook covers many aspects of those beliefs and practices. It describes the variety of what takes place but mainly why, and what the implications of both the theory and practice have for our understanding of Islam. The book includes accounts of prayer, food, pilgrimage, mosques, and the various legal and doctrinal schools that exist within Islam, with the focus on how they influence practice. The volume is organized in terms of texts, groups, practices, places, and others. An attempt has been made to discuss the wide range of Muslim ritual and practice and provide a sound guide to this significant aspect of the religious life of one of the largest groups of believers in the world today.

Rethinking Salafism Bloomsbury Publishing USA

Leor Halevi tells the story of the Islamic trials of technological and commercial innovations of the late nineteenth and early twentieth centuries. Shedding light on culture, commerce, and consumption in Cairo and other colonial cities, **Modern Things on Trial** is a groundbreaking account of Islam's material transformation in a globalizing era.

American Journal of Islamic Social Sciences 32:3 Cornell University Press

This in-depth study of U.S. involvement in the modern Middle East carefully weighs the interplay of domestic, cultural, religious, diplomatic, international, and military events in one of the world's most troubled regions. The monumental, five-volume **The Encyclopedia of Middle East Wars: The United States in the Persian Gulf, Afghanistan, and Iraq Conflicts** is a must-have resource for anyone seeking to

comprehend U.S. actions in this volatile region. Under the expert editorship of Spencer C. Tucker, the encyclopedia traces 20th- and 21st-century U.S. involvement in the Middle East and south-central Asia, concentrating on the last three decades. Beginning with the 1980-1988 Iran-Iraq War, it covers the 1979-1989 Soviet occupation of Afghanistan, the 1991 Persian Gulf War, allied punitive actions against Iraq during the 1990s, the Afghanistan War, the Iraq War, and the Global War on Terror. Many smaller military actions against Iran, Iraq, Libya, Afghanistan, and other regimes that have been involved in international terrorism are also included. Diplomacy, religion as it pertains to Middle East conflict, and social/cultural developments are other key subjects of analysis, as is the interplay of politics with military policy in the United States and other nations involved in the region.

Salafi-jihadism Cambridge University Press

No topic has captured the public imagination of late quite so dramatically as the specter of global jihadism. While much has been said about the way jihadists behave, their ideology remains poorly understood. As the Levant has imploded and millenarian radicals claim to have revived a Caliphate based on the teachings of the Prophet Mohammed, the need for a nuanced and accurate understanding of jihadist beliefs has never been greater. Shiraz Maher charts the intellectual underpinnings of salafi-jihadism from its origins in the mountains of the Hindu Kush to the jihadist insurgencies of the 1990s and the 9/11 wars. What emerges is the story of a pragmatic but resilient warrior doctrine that often struggles - as so many utopian ideologies do - to consolidate the idealism of theory with the reality of practice. His ground-breaking introduction to salafi-jihadism recalibrates our understanding of the ideas underpinning one of the most destructive political philosophies of our time by assessing classical works from Islamic antiquity alongside those of contemporary ideologues. Packed with refreshing and provocative insights, Maher explains how war and insecurity engendered one of the most significant socio-religious movements of the modern era.

The Satanic Verses PT Erwandi Tarmizi Konsultan

While Muslims in Indonesia have begun to turn towards a strict adherence to Islam, the reality of the socio-religious environment is much more complicated than a simple shift towards fundamentalism. In this volume,

contributors explore the multifaceted role of Islam in Indonesia from a variety of different perspectives, drawing on carefully compiled case studies. Topics covered include religious education, the increasing number of Muslim feminists in Indonesia, the role of Indonesia in the greater Muslim world, social activism and the middle class, and the interaction between Muslim radio and religious identity.

The Mecca Uprising Routledge

To meet the care needs of today's diverse patient community, healthcare professionals must learn to care in environments comprising different worldviews, communication styles and expectations. To meet this challenge, it is essential that they operate from a solid foundation of knowledge, based on high standards for cultural competence in nursing practice. Cultural Competence in Caring for Muslim Patients is designed for nurses and allied healthcare professionals. It offers a deeper insight into ways in which the Islamic faith is intertwined with patient care, and explores approaches with which to effectively address the varying healthcare requirements of a growing and diverse Muslim community. Following a clear and accessible format, the book discusses key issues including: - The identity and religious beliefs of Muslims - The ethical dimension in caring - Understanding the Muslim family system - Health considerations during fasting and pilgrimage (Hajj) What's more, case studies, activities and discussion questions throughout actively support learning and reflective practices. This insightful guide will prove a valuable asset for any nurse or healthcare professional looking to develop their understanding of how to deliver culturally compassionate and congruent care.

Disability in Islamic Law Oxford

University Press

On 20th November 1979, the Salafi Group, led by a charismatic figure named Juhaiman al-Utaibi, seized control of the Sacred Mosque in Mecca, the holiest site in the Muslim World. The Salafi Group was not trying to establish an Islamic state. Instead, its members believed they were players in a prophetic script about the End of Time. After a two-week siege, the Saudi government recaptured the mosque, threw the survivors into prison, and had them publicly executed. The Mecca Uprising offers an insider's account of the religious subculture that incubated the Mecca Uprising, written by a former member of the Salafi Group, Nasir al-Huzaimi. Huzaimi did not participate in the uprising, but he was arrested in a government sweep of Salafi Group members and spent six years in prison. In 2011, he published his memoir, *Days with Juhaiman*, offering the most detailed picture we have of the Salafi Group and Juhaiman. The Mecca Uprising had profound effects on Saudi Arabia and the Muslim world [DC1] [YG2]. The Saudi government headed off opposition from religious activists and made efforts to buttress the ruling family's legitimacy as the guardians of Islam. Huzaimi's memoir sheds light on the background of this religious and political landscape, and is the most detailed account we have of the Salafi Group and Juhaiman. The English edition is complete with an introduction and annotations prepared by expert David Commins to help readers understand the relevance of the Meccan Uprising [DC3] and how it fits into the history of the Islamic World. [DC1]lower case? Muslim world [YG2]changed to author's suggestion [DC3]Mecca Uprising *Fatawa Arkanul-Islam: Prayer, zakah, fasting, hajj* Bloomsbury Publishing

Women face a lot of special problems regarding their menses, postpartum bleeding, istihada, hijab, mixing with men, rights & duties with respect to their husband, husband's household, children, inheritance, marriage, divorce, etc. More than 350 of such problems & issues have been answered in this book by Grand Mufti of Saudi Arabia Sheikh Ibn Baz, and the eminent scholars like Sheikh Ibn Uthaimin, Sheikh Ibn Jibreel and others.

Modern Perspectives on Islamic Law

Islamic Books

One of the issues in contemporary Islamic thought which has attracted considerable attention amongst Muslim scholars and within the Muslim community is the valid and appropriate attitude of Muslims to relationships with non-Muslims. A major source of confusion and controversy with regards to this relationship comes from the allegation that Muslims must reserve their love and loyalty for fellow Muslims, and reject and declare war on the rest of humanity — most acutely seen through the Islamic concept of *Al-Wala' wal Bara'* (WB) translated as "Loyalty and Disavowal", which appears to be central in the ideology of modern Salafism. This book investigates the dynamics and complexities of the concept of WB within modern Salafism and aims to understand the diverse interpretation of this concept; and how modern Salafis understand and apply the concept in contemporary religious, social and political settings. The book discovers that the complexities, diversities and disputes surrounding the concept in modern Salafism often revolve around issues of social, political and current realities. The significance of this book lies in the fact that comprehending modern Salafis' conception of WB, its realities and complexities has become an urgent priority in the lives of Muslims today.
