**The Mysterious Role of
Synchronicity in Shaping Our Lives**

Simon and Schuster

Isn't it great to get help and support at the times when you desperately need it? What if you think you don't know anyone at all who might help? Even in those dark moments and hours when it seems that everything is completely hopeless, you can be rescued. There is evidence of miracles all around us if we are paying attention. Living in Aspen, Colorado, I went through a very painful divorce, leading me to experience one of my biggest miracles within only one month after the divorce. From that point on, I started considering miracles as a viable option, sometimes my one and only option, and it worked! After that, it was demonstrated to me time and time again, so much that I decided to write a book about it, and it's not reserved for

just a 'chosen' few.

Dr Deepak Chopra, the bestselling pioneer in mind/body medicine, shows how coincidences are messages about the miraculous potential of each moment. He reveals how, through understanding the forces that shape coincidences, you can learn to live at a deeper level and access the flow of synchronicity that lies at the heart of existence. You can start to transform your life through full-contact living, in which all things will be within your reach. Discover: - That there's no such thing as a meaningless coincidence - The seven principles of synchrodestiny - Practical techniques for applying those principles

The seeds of a perfect destiny lie within you. This remarkable book will show you how to release their potential and live a life more wondrous than dreams.

'Raising your consciousness to the 'God Winks' that often go by unnoticed, and recognising them as tremendously personal, will affirm that your existence is not random and that you have a role to play in life's grand plan' Squire Rushnell Have you ever thought about someone who hasn't crossed your path or mind in years and then bumped into them? Are there such things as coincidences? Do they mean anything? According to Rushnell, 'coincidences, like winks from God, are encouraging signposts along your universal path.' In **WHEN GOD WINKS** he explains that a 'God Wink' is a message of reassurance that comes our way whenever we need it and that coincidences are the best way for God to establish a presence in our lives. Rushnell shows how to retrace

crossroads (a new job, a death, change in relationships) that took us in an entirely different direction, showing how to map the turning points made by coincidences that have guided us throughout our lives. Best of all, *WHEN GOD WINKS* shows us how to create our own coincidences and turn wishes into winks. He explains his compelling theory of coincidences through a series of incredible stories and motivational writing on how coincidences play a role in all facets of our life, including career, love, history, medicine, entertainment, sports and politics with telling comments from Oprah Winfrey, Barbara Streisand, Mark Twain, Kevin Costner and other celebrities. *WHEN GOD WINKS* is a fascinating bridge to self-discovery. *Harnessing the Infinite Power of*

Coincidence to Create Miracles Simon and Schuster

This is the book of awkward questions. It doesn't promise easy entertainment—it provides understanding at a level that we never reached in school. Do the past, present, and future exist? What are miracles made of? Why can't science define what time truly is? Is it that simple to understand infinity? You will find a multitude of logical deductions and thought experiments in this book. You will realize how astonishingly wonderful our reality is. This book aims to provide an understanding of the universe. It will help you understand time and space, dimensions, infinity, and coincidence. Did the universe simply happen? By sheer chance? And the people in it? Are we just a product of

coincidence? Or were we called to existence by some higher power? The answers will be provided by you—the reader. The book brings up a series of questions that spark up thoughts, inspire, provoke, and point out contradictions and paradoxes. It doesn't try to persuade you. It doesn't shove the author's truth down your throat. It shows things. It reveals things. It shows that one inch is extremely far from being an exact distance measurement. It reminds you that the speed of an arrow shot from a truck, equals the truck's and its own speed, whereas the same logic doesn't work with a ray of light. The book takes the scientific definitions of time, space, geometric points, and line segments – and shows you their incompetence. You'll see how ungrounded of a scientific

base we have, and yet we build our daily lives on it. Can you define the present time? What really is the present? Just think about it: you started reading this blurb half a minute ago: in the past. You will pay for the book in five minutes: in the future. Right? And now? Are you reading at home, having bought the book two hours ago? Only one thing is for sure: you are a winner if you can talk about reading *The Book that Happened in the past tense*. Come along now. Start the adventure with Attila Pergel and get your ticket for this fantastic journey that will send you flying from the atomic nucleus to the edge of the universe! Sophia Demas did not want to get

married, have children, or write a book; the Universe, however, had other plans. In this penetrating memoir, Sophia examines the events in her life that at first seemed to be a series of coincidences, but upon further consideration were building blocks of the miraculous. The Divine Language of Coincidence chronicles the extraordinary events experienced by an ordinary woman, asserting that miracles are not only possible, but far more common than we may realize.

Let the Power of Coincidence Lead You to Love Simon and Schuster

As elegant as his bestselling How to Know God and as practical as his phenomenal The Seven Spiritual Laws of Success, this groundbreaking new book from Deepak Chopra contains a dramatic

premise: Not only are everyday coincidences meaningful, they actually provide us with glimpses of the field of infinite possibilities that lies at the heart of all things. By gaining access to this wellspring of creation, we can literally rewrite our destinies in any way we wish. From this realm of pure potential we are connected to everything that exists and everything that is yet to come.

“Coincidences” can then be recognized as containing precious clues about particular facets of our lives that require our attention. As you become more aware of coincidences and their meanings, you begin to connect more and more with the underlying field of infinite possibilities. This is when the magic begins. This is when you achieve the spontaneous fulfillment of desire. At

a time when world events may leave us feeling especially insignificant and vulnerable, Deepak Chopra restores our awareness of the awesome powers within us. And through specific principles and exercises he provides the tools with which to create the magnificent, miraculous life that is our birthright.

A Question of Power Booksurge Publishing

A mathematical guide to understanding why life can seem to be one big coincidence-and why the odds of just about everything are better than we would think. What are the chances? This is the question we ask ourselves when we encounter the strangest and most seemingly impossible coincidences, like the woman who won the lottery four times or the fact that Lincoln's dreams

foreshadowed his own assassination. But, when we look at coincidences mathematically, the odds are a lot better than any of us would have thought. In Fluke, mathematician Joseph Mazur takes a second look at the seemingly improbable, sharing with us an entertaining guide to the most surprising moments in our lives. He takes us on a tour of the mathematical concepts of probability, such as the law of large numbers and the birthday paradox, and combines these concepts with lively anecdotes of flukes from around the world. How do you explain finding your college copy of Moby Dick in a used bookstore on the Seine on your first visit to Paris? How can a jury be convinced beyond a reasonable doubt that DNA found at the scene of a heinous crime

did not get there by some fluke? Should we be surprised if strangers named Maria and Francisco, seeking each other in a hotel lobby, accidentally meet the wrong Francisco and the wrong Maria, another pair of strangers also looking for each other? As Mazur reveals, if there is any likelihood that something could happen, no matter how small, it is bound to happen to someone at some time. In *Fluke*, Mazur offers us proof of the inevitability of the sublime and the unexpected. He has written a book that will appeal to anyone who has ever wondered how all of the tiny decisions that happen in our lives add up to improbable wholes. A must-read for math enthusiasts and storytellers alike, *Fluke* helps us to understand the true nature of chance.

The Three "Only" Things The Power of Coincidence How Life Shows Us What We Need to Know

In this book, psychotherapist David Richo explores how we replay the past in our present-day relationships—and how we can free ourselves from this destructive pattern. We all have a tendency to transfer potent feelings, needs, expectations, and beliefs from childhood or from former relationships onto the people in our daily lives, whether they are our intimate partners, friends, or acquaintances. *When the Past Is Present* helps us to become more aware of the ways we slip into the past so that we can identify our emotional baggage and take steps to unpack it and put it where it belongs. Drawing on decades of experience as a

psychotherapist, Richo helps readers to:

- Understand how the wounds of childhood become exposed in adult relationships—and why this is a gift
- Identify and heal the emotional wounds we carry over from the past so that they won't sabotage present-day relationships
- Recognize how strong attractions and aversions to people in the present can be signals of own own unfinished business
- Use mindfulness to stay in the present moment and cultivate authentic intimacy

Transforming Your Life Through Meaningful Coincidence Gibbs Smith

After receiving the call that her father had a heart attack, she hit the floor pleading with God. She would go from a skeptic of faith to learning there was a God. Her dog started the whirlwind

introducing her to the spirit world. After receiving a healing, she dove into the Bible and discovered the power of prayer and the Holy Spirit. In developing her faith, she has overcome death and near-death experiences. In the craziness of being a wife, mother, teacher, coach, daughter, and sister, life happens. Her love for sports led to the coaching and teaching profession where she has touched many lives. She has a bachelor of science and a masters degree in curriculum and instruction. After suffering a miscarriage and learning she did not have control over everything, she started to question who does control it all. All the adversity placed before her only prepared her for her biggest physical, mental and spiritual battle yet. She was helping a loved one battle

Guillain-Barr and a cancer prognosis with no hope. She went from being a teacher and a coach to a full time caregiver. She learned no human has the final authority in a mans fate. Join her on her journey of faith and what Gods Will truly is.

"The Coincidence Makers tells the story of Guy, Emily & Eric, whose job is creating coincidences and initiating various events in other people's lives. The three graduated from a "coincidence creation course" that took place 2 years prior to the events in the book, in which they learned techniques for creating what look like random events which will cause people to change their own lives. Fate is nothing more than a well-executed mission. Coincidence Makers are not regular people. They are

responsible for organizing random encounters between lovers-to-be, creating moments of inspiration that help people make life changing decisions or "building" coincidences that cause important scientific discoveries. But when Guy gets a new special mission, that mission, along with a mysterious killer who appears in town and other hidden forces that he is not aware of, are going to change everything for the three coincidence makers and teach them about fate, free will & the true nature of love" --

POWER OF COINCIDENCE Shambhala Publications

Synchronicity: the uncanny and fortuitous timing of events that seems to go beyond pure chance. Synchronicity can act as a guide along our life path, helping us through challenging times and nudging us toward self-fulfillment. Psychologist Chris Mackey offers astounding case studies, alongside

a lucid explanation of the brain science underlying synchronicity and many practical suggestions for working with it, from journaling and symbol analysis to dream interpretation and ideas for accessing flow. He is convinced that synchronicity has a crucial role to play in helping us “go within” and tap into our intuitive and spiritual selves. This book is also a passionate call for a new, more optimistic “positive psychiatry” that embraces our transcendent experiences. A 21st-century take on Jung’s legacy, this exciting new approach to synchronicity will appeal to anyone interested in the opportunities for personal development offered by altered states of consciousness. “A profound introduction to deep concepts of mind, meaning and the challenges of creating

a life well lived for everyone.” --Ernest Rossi, Ph.D., author of *The Psychobiology of Gene Expression and Creating Consciousness*
