Seminar paper from the year 2005 in the subject English Language and Literature Studies - Literature, grade: 2,3, RWTH Aachen University (Institut für Anglistik), course: Gothic Novel, 14 entries in the bibliography, language: English, abstract: This essay deals with Mary Shelleys "Frankenstein." People who do not know the book but only its title often associate the name

Frankenstein with the monster. Why do many people think that Frankenstein is the monster? The question to be discussed in this essay is if Victor and the monster are both single and independent characters or if the monster can be described as Victor Frankenstein's double. This essay is the attempt to interpret the book from a psychoanalytical point of view. The analysis refers to the major works of Sigmund Freud. At first I describe and explain some basic knowledge of Sigmund Freud, such as his model of personality or rather the mental apparatus with its three organisational units ID, EGO and SUPEREGO. After that I name some tools the EGO can use, called Ego Defence Mechanisms, but this is only done very generally. The human drives have to be mentioned and explained because they are very important for the question to be discussed. Because Victor Frankenstein's life is analysed chronologically the psychosexual development has to be referred to, too. Last but not least Freud's conception of the human psyche is mentioned and explained. It is important to say that I always refer to Freud when speaking about psychoanalytical expressions in this essay, even when they are not always named as those. After the explanation of the psychoanalytical basic knowledge which is important for this essay I start the analysis of Victor Frankenstein's life. As mentioned before, this is done chronologically: from the time of his birth to his death. The different stations in his life are shortly summarized and afterwards analysed and psychoanalytically interpreted in a very detailed way. There are many quotes from t

After being rescued as infants from a sinking ocean liner in 1914, Marian and Jamie Graves are raised by their dissolute uncle in Missoula, Montana. There--after encountering a pair of barnstorming pilots passing through town in beat-up biplanes--Marian commences her lifelong love affair with flight. At fourteen she drops out of school and finds an unexpected and dangerous patron in a wealthy bootlegger who provides a plane and subsidizes her lessons, an arrangement that will haunt her for the rest of her life, even as it allows her to fulfill her destiny: circumnavigating the globe by flying over the North and South Poles. A century later, Hadley Baxter is cast to play Marian in a film that centers on Marian's disappearance in Antarctica. Vibrant, canny, disgusted with the claustrophobia of Hollywood, Hadley is eager to redefine herself after a romantic film franchise has imprisoned her in the grip of cult celebrity. Her immersion into the character of Marian unfolds, thrillingly, alongside Marian's own story, as the two women's fates--and their hunger for self-determination in vastly different geographies and times--collide. Epic and emotional, meticulously researched and gloriously told, *Great Circle* is a monumental work of art, and a tremendous leap forward for the prodigiously gifted Maggie Shipstead.

"Jude has spent the whole twenty one years of his life running. From what, he wasn't quite sure. His mother tried to keep him safe; a low profile, a constant move on the horizon, a week's pay always stashed away. She tried to instill in him that he was special somehow. He never felt different. He was so completely

normal and vanilla that he wondered if it had all been in her head. But then she was murdered and all he saw was a running silhouette of a man as his mother said three final words to him. Three words that changed his whole being. Never stop running... Now he's semi-settled into a big town. The college is huge and easy to blend into. It's been three months since he had to move because 'Biloxi', as he calls the man who killed his mother, found him once more. Then smashes into his life as he realizes that whatever it is he has that Biloxi wants, she has it, too. And now, they're after them both."--Page 4 of cover.
