Publishers  
During the  
Cold War,  
freedom of  
expression  
was vaunted  
as liberal  
democracy's

most  
cherished  
possession—b  
ut such  
freedom was  
put in service  
of a hidden  
agenda. In  
The Cultural

Cold War, Frances Stonor Saunders reveals the extraordinary efforts of a secret campaign in which some of the most vocal exponents of intellectual freedom in the West were working for or subsidized by the CIA—whether they knew it or not. Called "the most comprehensive account yet of the [CIA's] activities between 1947 and 1967" by the New York Times, the book presents shocking

evidence of the CIA's undercover program of cultural interventions in Western Europe and at home, drawing together declassified documents and exclusive interviews to expose the CIA's astonishing campaign to deploy the likes of Hannah Arendt, Isaiah Berlin, Leonard Bernstein, Robert Lowell, George Orwell, and Jackson Pollock as weapons in

the Cold War. Translated into ten languages, this classic work—now with a new preface by the author—is "a real contribution to popular understanding of the postwar period" (The Wall Street Journal), and its story of covert cultural efforts to win hearts and minds continues to be relevant today. Hell's Angels New Riders Whisky: Technology, Production and Marketing explains in

technical terms the science and technology of producing whisky, combined with information from industry experts on successfully marketing the product. World experts in Scotch whisky provide detailed insight into whisky production, from the processing of raw materials to the fermentation, distillation, maturation, blending, production of co-products, and quality testing, as

well as important information on the methodology used for packaging and marketing whisky in the twenty-first century. No other book covers the entire whisky process from raw material to delivery to market in such a comprehensive manner and with such a high level of technical detail. Only available work to cover the entire whisky process from raw material to delivery to the market in

such a comprehensive manner. Includes a chapter on marketing and selling whisky. Foreword written by Alan Rutherford, former Chairman and Managing Director of United Malt and Grain Distillers Ltd. *Women, Race, & Class* DRAM Good Books Limited. The popular image of Scotland is dominated by widely recognized elements of Celtic culture. But a significant

non-Celtic influence on Scotland's history has been largely ignored for centuries? This book argues that much of Scotland's history and culture from 1100 forward is Jewish. The authors provide evidence that many of the national heroes, villains, rulers, nobles, traders, merchants, bishops, guild members, burgesses, and ministers of Scotland were of Jewish descent, their

ancestors originating in France and Spain. Much of the traditional historical account of Scotland, it is proposed, rests on fundamental interpretive errors, perpetuated in order to affirm Scotland's identity as a Celtic, Christian society. A more accurate and profound understanding of Scottish history has thus been buried. The authors' wide-ranging research includes examination

of census records, archaeological artifacts, castle carvings, cemetery inscriptions, religious seals, coinage, burgess and guild member rolls, noble genealogies, family crests, portraiture, and geographic place names.

world of whisky.  
**Jim Murray's Complete Book of Whisky**  
 Hachette Books  
 Jim Murray's Whisky Bible 2019. The 16th edition and the 15th anniversary. The world's leading whisky guide.  
*Anti-Intellectualism in American Life* Ballantine Books  
 Thanks to industry guru Jim Murray and his internationally acclaimed annual Whisky Bible, the Japanese are now running

out of their own single malt and people have fought in Toronto liquor stores to grab the last bottle of his World Whisky of the Year. Rye, Irish Pot Still, and Bourbon have all seen a massive resurgence in recent years not least thanks to the visionary campaigning of the world's first-ever full time professional whisky writer. Murray has tasted nearly 20,000 different whiskies for the Whisky

Bible since it first hit the shelves in 2003. For this 2021 edition, he reflects on over another 1,200. The 4,700 whiskies included in this 2021 edition range from Scottish Single malts to Australian; from Canadian to Austrian. The whiskies from over 30 different countries are included and evaluated in his forthright, honest, amusing, fiercely independent, and non-pretentious style. *The Long Tail*

Penguin This is the most comprehensive and thoroughly researched guide to the world's whiskies ever produced. Honest, forthright and proudly independent, Jim Murray has, for this 17th edition, tasted and rated over 4,500 whiskies, shedding light on more than 1,800 Scottish single malts, nearly 400 blended Scotches and in excess of 900 American whiskies. Jim

Murray's Whisky Bible provides an unrivalled and invaluable source of reference to the consumer, the whisky industry and the drinks trade alike. In terms of whisky, this is the gospel! Natural Liberty ANU Press Winner of the 1964 Pulitzer Prize in Nonfiction Anti-Intellectualism in American Life is a book which throws light on many features of the American character. Its concern is not

merely to portray the scorners of intellect in American life, but to say something about what the intellectual is, and can be, as a force in a democratic society. "As Mr. Hofstadter unfolds the fascinating story, it is no crude battle of eggheads and fatheads. It is a rich, complex, shifting picture of the life of the mind in a society dominated by the ideal of practical success."

—Robert Peel in the Christian Science Monitor The Book of Mackay U of Nebraska Press " West Virginia boasts an unusually rich heritage of ghost tales. Originally West Virginians told these hundred stories not for idle amusement but to report supernatural experiences that defied ordinary human explanation. From jealous rivals and ghostly children to

murdered kinsmen and omens of death, these tales reflect the inner lives—the hopes, beliefs, and fears—of a people. Like all folklore, these tales reveal much of the history of the region: its isolation and violence, the passions and bloodshed of the Civil War era, the hardships of miners and railroad laborers, and the lingering vitality of Old World traditions. A fascinating  
journey  
through  
Scotland's  
famous  
distilleries  
with  
legendary  
author Iain  
Banks No true  
Scotsman can  
resist the  
allure of the  
nation's  
whisky  
distilleries. In  
an absorbing  
voyage as  
interesting to  
non-drinkers  
as to true  
whisky  
connoisseurs,  
sci-fi and  
literary author  
Iain Banks  
explores the  
rich heritage  
of Scottish  
whisky, from  
the largest

and most  
famous  
distilleries to  
the smallest,  
most obscure  
operations.  
Whisky is  
more than a  
drink: it's a  
culture, a  
binder that  
joins together  
people, places  
and products  
far across  
Scotland's  
rugged  
terrain.  
Switching  
from cars to  
ferries to  
bicycles,  
Banks  
crisscrosses  
his homeland,  
weaving an  
engrossing  
narrative from  
the strange  
people,  
fascinating  
traditions, and

downright  
bizarre places  
he encounters  
on his journey  
down  
Scotland's  
great golden  
road.

**Steal This Book** Random House While Scotland gave birth to whisky, its progeny now populate all four corners of the globe - from the U.S. to Japan, South Africa to Scandinavia. Today whisky sales are booming, making the timing perfect for this massive,

witty, gorgeously illustrated volume. An ideal whisky "bible" for either connoisseur or neophyte, THE WORLD ATLAS OF WHISKY covers the history, process, distilleries and expressions of the world great whiskies, complete with detailed maps and 150 labels. *When Scotland Was Jewish* Mitchell Beazley An absorbing, minute-by-minute account of the demise of the

"unsinkable" Titanic, the massive luxury liner that housed a French "sidewalk cafe" and a grand staircase, among other extravagances, but failed to provide enough lifeboats for the 2,207 passengers on board. Reissue.

**The World Atlas of Whisky** New Press, The Revised and Updated. Whisky is one of the world's most revered spirits, with connoisseurs spending a

great deal of money and time on the appreciation of rare expressions and limited edition bottles. In addition, many whisky connoisseurs travel direct to the source to see and experience the world's best distilleries at first hand. Since the publication of the first edition in 2010, many changes have occurred in the world of whisky which are fully explored in this

completely new edition. Over 200 of the 750 whiskies are updated, along with over 20 of the 38 features to reflect the 'new world of whisky', from the growing US single malt craft distillery movement (including Balcones in Texas), Japan (Yoichi), Taiwan (Kavalan), India (Paul John), Australia (Overeem), France (Warengem) and Sweden (Mackmyra, Spirit of Hven). Aimed at beginners

as well as connoisseurs, the book encompasses everything you need to know to increase your appreciation of this complex and fascinating spirit. Iconic distilleries such as Lagavulin, Highland Park and Glenrothes in Scotland are fully explored alongside the bourbon innovators of Kentucky such as Woodford Reserve and Maker's Mark. From global brands to tiny craft distillers, this book

offers a comprehensive overview of the best dram the world over. *Jim Murray's Whisky Bible 2020* University Press of Kentucky Now in its 14th year, Jim Murray's Whisky Bible 2017 is the most comprehensive and thoroughly researched guide to whisky ever produced. Honest, forthright and proudly independent, Jim Murray has tasted and rated over

4,500 world whiskies **Blood and Earth** Jim Murray's Whisky Bible 2020 "This is the world's most influential book on whiskey. The 4,700 whiskies included in this 2020 edition range from Scottish single malts to Australian; from Canadian to Austrian. The whiskies from over 30 different countries are included. And evaluated in his forthright, honest, amusing, fiercely independent

and non-pretentious style." -- Cover page [4]. Jim Murray's Whiskey Bible 2022 After years of cowboying, Charles A. Siringo had settled down to store-keeping in Caldwell, Kansas, when a blind phrenologist, traveling through, took the measure of his "mule head" and told him that he was "cut out" for detective work. Thereupon, Siringo joined the Pinkerton National

Detective Agency in 1886. A Cowboy Detective chronicles his twenty-two years as an undercover operative in wilder parts of the West, where he rode with the lawless, using more stratagems and guises than Sherlock Holmes to bring them to justice and escaping violent death more often than Dick Tracy. He survived the labor riots at Coeur d'Alene, Idaho, in 1892 (his testimony

helped convict eighteen union leaders), hounded moonshiners in the Appalachians, and chased Butch Cassidy's Wild Bunch. Once described as "a small wiry man, cold and steady as a rock" and "born without fear," Charlie Siringo became a favorite of high-ups in the Pinkerton organization. Nevertheless, the Pinkertons, ever sensitive to criticism, went to court to block

publication of Siringo's book. Frank Morn, in his introduction to this Bison Books edition, discusses the changes that resulted from two years of litigation. Finally published in 1912 without Pinkerton in the title or the text, A Cowboy Detective has Siringo working for the "Dickensen Detective Agency" and meeting up with the likes of "Tim Corn," whom every western buff will recognize.

The deeper truth of Siringo's book remains. As J. Frank Dobie wrote, "His cowboys and gunmen were not of Hollywood and folklore. He was an honest reporter. The Alcohol Textbook McFarland What happens when the bottlenecks that stand between supply and demand in our culture go away and everything becomes available to everyone? "The Long Tail" is a powerful new

force in our economy: the rise of the niche. As the cost of reaching consumers drops dramatically, our markets are shifting from a one-size-fits-all model of mass appeal to one of unlimited variety for unique tastes. From supermarket shelves to advertising agencies, the ability to offer vast choice is changing everything, and causing us to rethink where our markets lie and how to

get to them. Unlimited selection is revealing truths about what consumers want and how they want to get it, from DVDs at Netflix to songs on iTunes to advertising on Google. However, this is not just a virtue of online marketplaces; it is an example of an entirely new economic model for business, one that is just beginning to show its power. After a century of

obsessing over the few products at the head of the demand curve, the new economics of distribution allow us to turn our focus to the many more products in the tail, which collectively can create a new market as big as the one we already know. The Long Tail is really about the economics of abundance. New efficiencies in distribution, manufacturing, and marketing are essentially

resetting the definition of what's commercially viable across the board. If the 20th century was about hits, the 21st will be equally about niches.

**BESTSELLER •**

The first definitive history of the Mossad, Shin Bet, and the IDF's targeted killing programs, hailed by The New York Times as "an exceptional work, a humane book about an incendiary subject."

WINNER OF THE NATIONAL JEWISH BOOK AWARD IN HISTORY NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY JENNIFER SZALAI, THE NEW YORK TIMES NAMED ONE OF THE

**BEST BOOKS OF THE YEAR BY** The Economist • The New York Times Book Review • BBC History Magazine • Mother Jones • Kirkus Reviews The Talmud says: "If someone comes to kill you, rise up and kill him first." This instinct to take every measure, even the most aggressive, to defend the Jewish people is hardwired into Israel's DNA. From the very beginning of its statehood in 1948,

protecting the nation from harm has been the responsibility of its intelligence community and armed services, and there is one weapon in their vast arsenal that they have relied upon to thwart the most serious threats: Targeted assassinations have been used countless times, on enemies large and small, sometimes in response to attacks against the Israeli people

and sometimes preemptively. In this page-turning, eye-opening book, journalist and military analyst Ronen Bergman—praised by David Remnick as "arguably [Israel's] best investigative reporter"—offers a riveting inside account of the targeted killing programs: their successes, their failures, and the moral and political price exacted on the men and women who approved and carried

out the missions. Bergman has gained the exceedingly rare cooperation of many current and former members of the Israeli government, including Prime Ministers Shimon Peres, Ehud Barak, Ariel Sharon, and Benjamin Netanyahu, as well as high-level figures in the country's military and intelligence services: the IDF (Israel Defense Forces), the Mossad (the world's most feared

intelligence agency), Caesarea (a "Mossad within the Mossad" that carries out attacks on the highest-value targets), and the Shin Bet (an internal security service that implemented the largest targeted assassination campaign ever, in order to stop what had once appeared to be unstoppable: suicide terrorism). Including never-before-reported, behind-the-curtain

accounts of key operations, and based on hundreds of on-the-record interviews and thousands of files to which Bergman has gotten exclusive access over his decades of reporting, Rise and Kill First brings us deep into the heart of Israel's most secret activities. Bergman traces, from statehood to the present, the gripping events and thorny ethical questions underlying Israel's targeted

killing  
campaign,  
which has  
shaped the  
Israeli nation,  
the Middle

East, and the  
entire world.  
“A remarkable  
feat of  
fearless and  
responsible

reporting . . .  
important,  
timely, and  
informative.”  
—John le
