LOGAN NIGEL

Study Writing University of Chicago Press
Professional Writing in Speech-Language Pathology and Audiology, Third Edition is an excellent resource for students of communication sciences and disorders. It is often used as a textbook for courses in professional writing, clinical methods, and professional issues. Throughout the text, the authors use anecdotal material, self-help questions, and humor to illustrate that learning to be a better professional writer does not require drudgery. The authors cover a spectrum of subjects related to professional writing, including: rules of writing evidence-based writing ethics of professional writing citing references use and abuse of the Internet writing for oral presentations writing diagnostic reports writing clinical reports writing for professional advancement The third edition is responsive to requests from instructors to provide more examples from communication sciences and disorders and increase the amount of practice material. The authors have added content in grammar and rules of writing and increased the number of practice questions and writing exercises in all chapters. They also included new information to reflect changes in the most recent ASHA Code of Ethics as well as changes in the Graduate Record Exam and Praxis Exam. Highlights of the Third Edition: More detailed coverage of grammar and rules of writing More examples for student practice in all chapters More examples related to speech-language pathology and audiology New information about ASHA's Revised Code of Ethics New information about the Praxis II Examination in speech-language pathology and audiology Website resources for students including electronic versions of writing exercises Website resources for instructors including answer keys for practice questions and writing exercises Disclaimer: Please note that ancillary content (such as documents, audio, and video, etc.) may not be included as published in the original print version of this book.

McGraw-Hill Education Conquering ACT English Reading and Writing, Third Edition Longman Publishing Group
Academic Writing is a unique introduction to the subject. As the author puts it in her preface, "this book develops from a strong claim: namely, that style is meaningful." In developing that theme, the author draws meaningfully on theory, especially genre theory, while remaining grounded in the particular. Giltrow presents and discusses examples of actual academic writing of the sort that students must learn to deal with daily, and to write themselves. As newcomers to the scholarly community, students can find that community's ways of reading and writing mysterious, unpredictable and intimidating. Academic Writing demystifies the scholarly genres, shedding light on their discursive conventions and on academic readers' expectations and values. Throughout, Academic Writing respects the student writer; it engages the reader's interest without ever condescending, and it avoids the arbitrary and the dogmatic. The book also offers abundant exercises to help the student develop

techniques for working productively at each stage of the scholarly writing process; mastering and summarizing difficult scholarly sources; planning; and revising to create good working conditions for the reader. The third edition of Giltrow's extremely successful book incorporates extensive revisions that integrate the theoretical perspectives of genre theory into the whole of the book in a more organic fashion; the changes are designed to make the book both more attuned to scholarly practice and more accessible to the undergraduate student. Giltrow's Academic Reading is designed as an accompanying reader for Academic Writing.

Anatomy of Writing for Publication for Nurses, Third Edition
Houghton Mifflin Harcourt

Exam board: AQA; OCR Level: AS/A-level Subject: History First teaching: September 2015 First exams: Summer 2016 (AS); Summer 2017 (A-level) Put your trust in the textbook series that has given thousands of A-level History students deeper knowledge and better grades for over 30 years. Varied, contextualized writing tasks help students with real-life tasks. Editing and proofreading exercises encourage students to refine their writing skills. New Grammar Guide section presents important grammar points and practice items to boost accuracy. *Ready to Write* also includes: *Ready to Write 2* *Ready to Write 3* *A Study Guide to Accompany the Florida College Basic Skills Exit Tests : Reading and Writing Academic Writing* *A Handbook for International Students*

From Great Paragraphs to Great Essays helps students perfect their paragraph writing skills in the first half of the text, and introduces the essay in the second half. Students will generate essays through a step-by-step process focusing on definition, process, description, and opinion.

Best Practices in Writing Instruction, Third Edition Pearson ELT

Economics is not a field that is known for good writing. Charts, yes. Sparkling prose, no. Except, that is, when it comes to Deirdre Nansen McCloskey. Her conversational and witty yet always clear style is a hallmark of her classic works of economic history, enlivening the dismal science and engaging readers well beyond the discipline. And now she's here to share the secrets of how it's done. *Economical Writing* is itself economical: a collection of thirty-five pithy rules for making your writing clear, concise, and effective. Proceeding from big-picture ideas to concrete strategies for improvement at the level of the paragraph, sentence, or word, McCloskey shows us that good writing, after all, is not just a matter of taste—it's a product of adept intuition and a rigorous revision process. Debunking stale rules, warning us that "footnotes are nests for pedants," and offering an arsenal of readily applicable tools and methods, she shows writers of all levels of experience how to rethink the way they approach their work, and gives them the knowledge to turn mediocre prose into magic. At once efficient and digestible, hilarious and provocative, *Economical Writing* lives up to its promise. With McCloskey as our guide, it's impossible not to see how any piece of writing—on economics or any other subject—can be a pleasure to read.

Comprehension Instruction, Third Edition Hodder Education
 For more than thirty years, *Writing for Social Scientists* has been a lifeboat for writers in all fields, from beginning students to published authors. It starts with a powerful reassurance: Academic writing is stressful, and even accomplished scholars like sociologist Howard S. Becker struggle with it. And it provides a clear solution: In order to learn how to write, take a deep breath and then begin writing. Revise. Repeat. This is not a book about sociological writing. Instead, Becker applies his sociologist's eye to some of the common problems all academic writers face, including trying to get it right the first time, failing, and therefore not writing at all; getting caught up in the trappings of "proper" academic writing; writing to impress rather than communicate with readers; and struggling with the when and how of citations. He then offers concrete advice, based on his own experiences and those of his students and colleagues, for overcoming these obstacles and gaining confidence as a writer. While the underlying challenges of writing have remained the same since the book first appeared, the context in which academic writers work has changed dramatically, thanks to rapid changes in technology and ever greater institutional pressures. This new edition has been updated throughout to reflect these changes, offering a new generation of scholars and students encouragement to write about society or any other scholarly topic clearly and persuasively. As Becker writes in the new preface, "Nothing prepared me for the steady stream of mail from readers who found the book helpful. Not just helpful. Several told me the book had saved their lives; less a testimony to the book as therapy than a reflection of the seriousness of the trouble writing failure could get people into." As academics are being called on to write more often, in more formats, the experienced, rational advice in *Writing for Social Scientists* will be an important resource for any writer's shelf.

A Brief Rhetoric SIAM

International students of Business or Economics often need to write essays and reports for exams and coursework, and this new, second edition of *Academic Writing for International Students of Business* has been completely revised and updated to help them succeed with these tasks. This book explains the academic writing process from start to finish, and practises all the key writing skills in the context of Business Studies. The book

can be used either with a teacher or for self-study, and is clearly organised into four parts, with each divided into short units that contain examples, explanations and exercises for use in the classroom or for self-study: The Writing Process, from assessing sources to proofreading Elements of Writing, practising skills such as making comparisons Vocabulary for Writing, dealing with areas such as nouns and adjectives, adverbs and verbs, synonyms, prefixes and prepositions, in an academic context Writing Models, illustrating case studies, reports, longer essays and other key genres This is an up-to-date book that reflects the interests and issues of contemporary Business Studies, with revised exercises, updated reading texts and a new glossary to ensure accessibility and maximise usability. Students wanting to expand their academic potential will find this practical and easy-to-use book an invaluable guide to writing in English for their degree courses, and it will also help students planning a career with international companies or organisations, where proficiency in written English is a key skill. All aspects of writing clearly explained, with full glossary for reference Full range of practice exercises, with answer key included Use of authentic academic texts Fully updated, with sections on finding electronic sources and evaluating internet material
