Moral Issues in Business Cengage Learning  
Moral Issues of the Marketplace in Jewish

Law Wadsworth Publishing Company

Robert C. Solomon takes a hard look at the treacherous terrain of ethical decision-making in a highly competitive environment.

*There's Only One Rule for Making  
Decisions* Cengage Learning

Business Ethics will equip students with the strategies necessary to analyse and improve the broad scope of business ethics today.

Choices Under Fire SAGE

The core of this text comprises chapters on all the key issues of business in Canada today. Each chapter includes a hypothetical case study and an introduction highlighting key ethical points; two academic essays; and a real-life case study. Questions for discussion accompany the essays and case studies. The author has also included a general introduction to ethical issues and an overview of ethical theory; a section on institutionalizing ethics (discussing ethics officers/programs/codes etc.); and appendices providing excerpts from important classic contributions to ethical theory and from relevant Canadian law. *Diversity and Consensus* FaithWords Contemporary Moral Issues is an anthology that provides a selection of readings on contemporary social issues

revolving around three general themes: Matters of Life and Death, Matters of Equality and Diversity, and Expanding the Circle, which includes duties beyond borders, living together with animals, and environmental ethics. The text contains a number of distinctive, high-profile readings and powerful narratives, including Jonathan Foer's "Eating Animals," Eva Feder Kittay's "On the Ethics of Selective Abortion for Disability," and Susan M. Wolf's "Confronting Assisted Suicide and Euthanasia: My Father's Death." Each set of readings is accompanied by an extensive introduction, a bibliographical essay, pre-reading questions, and discussion questions.

*Justice and Economic Distribution* St. Martin's Press

"A striking combination of the wisdom of Jewish law and modern economics. In an age of business scandals and claims that universities neglect instilling moral values in their students, this extraordinary book serves a worthy purpose." —Dr. Dennis Carlton, Professor of Economics, University of Chicago Graduate School of Business; Co-editor, *The Journal of Law & Economics*

". . . Through his mastery of many disciplines, Rabbi Levine presents a Living Torah which gives constant direction through the vicissitudes of life. This exemplifies a genuine Sanctification of G-d's name [Kiddush Hashem]." —Rabbi David Cohen, Rav of Congregation Gvul Yaabetz and Ohel Foster Homes

*Media Ethics* Cambridge University Press

This is an ideal foundation text for anyone studying or working in the International Human Resource Management (IHRM) arena. This text utilizes and incorporates most of what is currently known, researched or experienced in the field. It features data and examples from academic research, international businesses and consulting firms, as well as experiences of and interviews with HRM managers in multinational and global

firms. This book offers both a theoretical and practical treatment of this important and constantly evolving area. Thoroughly updated and revised, this second edition now includes key terms, learning objectives, discussion questions and an end-of-book integrative case. It has been designed to lead readers through all of the key topics in a highly engaging and approachable way. This book focuses on IHRM within multi-national enterprises (MNEs) and covers topics including: \* MNE and country culture \* organizational structure, strategy and design \* international joint ventures and cross-border mergers and acquisitions \* labour standards, ethics and codes of conduct \* selection and management of international assignees \* training and management development \* compensation and benefits \* health and safety and crisis management \* IHRM departments and professionals

Uncovering precisely why IHRM is important for success in international business and how IHRM policies and practices function within the multinational enterprise, this outstanding textbook provides an essential foundation for an understanding of the theory and

practice of IHRM. This book is essential reading for all students, lecturers and IHRM professionals.

*International Human Resource Management* Pearson College Division

HRM ethics is a root cause of many important problems in business ethics, and may represent the solution to even more. This volume defines, analyzes, and proposes solutions to ethical problems related to both the executive levels of the organization, and the organization as a whole. This book contains a fascinating range of scholarship from highly regarded authors. Macro and micro perspectives are presented, including perspectives from psychology, social psychology, organizational behavior, strategy, law, spirituality, critical studies, public/nonprofit management, and a variety of functional areas within the field of HRM.

**Ethics and Free Enterprise for the New Millenium** Psychology Press

**MORAL ISSUES IN BUSINESS**, 13E

examines the moral dilemmas that are common to today's business climate and gives readers the analytical tools to resolve those issues. Using a combination

of true stories, interesting reading selections, and a conversational writing style, this edition prepares readers for the moral quandaries awaiting them in the professional world. Featured topics include: the nature of morality, individual integrity and responsibility, economic justice, pitfalls of capitalism, and corporations' responsibilities to consumers and the environment. Plus, this edition also discusses situation-specific concepts such as downsizing, whistle blowing, sexual harassment, job discrimination, animal abuse, and drug testing. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

*Ethics for A-Level* Cengage Learning  
This in-depth examination of the major theories of economic justice focuses on the central question: What should the economic distribution of goods and services be based on?

Public Health Policy and Ethics Harvard Business Review Press  
CONTEMPORARY ISSUES IN BUSINESS ETHICS, 6E introduces readers to business ethics by focusing on the influence of market mechanisms and social values on

workplace norms. And because business is increasingly a global enterprise, this edition emphasizes the role of ethics both at home and abroad. CONTEMPORARY ISSUES IN BUSINESS ETHICS, 6E also takes time to look at ethics from the unique perspectives of either employee or employer. Along the way, readers also learn about such topics as ethical relativism, ethics and the law, virtue ethics, and ethical decision-making. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

*Taking Sides* Broadview Press  
A clear and concise roadmap for ethical business behavior using commonsense moral principles Business Ethics for Better Behavior concisely answers the three most pressing ethical questions business professionals face: What makes business practices right or wrong?; Why do normal, decent businesspeople of good will sometimes do the wrong thing?; and How can we use the answer to these questions to get ourselves, our coworkers, our bosses, and our employees to behave better? Bad behavior in business rarely

results from bad will. Most people mean well much of the time. But most of us are vulnerable. We all fall into moral traps, usually without even noticing. Business Ethics for Better Behavior teaches business professionals, students, and other readers how to become aware of those traps, how to avoid them, and how to dig their way out if they fall in. It integrates the best work in psychology, economics, management theory, and normative philosophy into a simple action plan for ensuring the best ethical performance at all levels of business practice. This is a book anyone in business, from an entry-level employee to CEO, can use.

There's No Such Thing as "Business" Ethics Routledge  
World War II was the quintessential "good war." It was not, however, a conflict free of moral ambiguity, painful dilemmas, and unavoidable compromises. Was the bombing of civilian populations in Germany and Japan justified? Were the Nuremberg and Tokyo war crimes trials legally scrupulous? What is the legacy bequeathed to the world by Hiroshima? With wisdom and clarity, Michael Bess

brings a fresh eye to these difficult questions and others, arguing eloquently against the binaries of honor and dishonor, pride and shame, and points instead toward a nuanced reckoning with one of the most pivotal conflicts in human history.

*International Human Resource Management* Cengage Learning

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. This interesting, comprehensive book about business ethics argues that ethics is the 'glue' that makes successful business possible. It allows the reader to see the whole range of issues in business ethics rather than just selected topics. Its focus on internationalization and globalization is important, as it relates facts about this dynamic, growing aspect of corporate business. Business Ethics 7e not only covers ethics, it also includes such topics as: management, production, marketing, finance, workers' rights, and environmental issues; it enables readers to see how all of the issues presented are interrelated. An excellent resource and

reference text for international corporate employees, marketing administrators, and human resource managers and employees.

**Contemporary Moral Issues** Rowman & Littlefield

This comprehensive textbook, packed with international cases, places individual human action at the heart of ethical business, arguing that business ethics guides human excellence in businesses. With its unique person-centred approach and student-centred pedagogy, this book will help students to discover and frame ethical issues in business, allowing them to gain an understanding of the role of ethical values and moral character in leadership, reason about ethical dilemmas, and reflect on how to improve business and organizational conditions from an ethical perspective. With international and up-to-date case studies drawn from a wide range of business contexts, this book helps students to apply the foundations and principles of business ethics to real world situations. With a strong theoretical unpinning that supports positive practical action, this is an ideal textbook for Business Ethics students at

undergraduate, postgraduate and MBA level. New to this Edition: - Thoroughly updated throughout - All new case studies - Increased coverage of: immigration; climate change; social networking; organizational culture; transnational corporations; ecological issues; environmental, social and corporate governance - Increased international coverage, in particular of Asia, the Middle East and Africa - A new companion website with instructor and student resources

*Business Ethics* Cengage Learning

An innovative text that aims to deepen students' knowledge of business ethics through a multidisciplinary approach grounded in moral philosophy, management principles, business history, and economics. The text aims to help students make ethical decisions, demonstrate integrity in the workplace, and advocate for moral business practices. It also features content on further trends and topics that will help students build a deeper understanding of business ethics: A section on Personal Integrity in the workplace, unpacks ethical dilemmas that face employees in the workplace including

conflicts of interest, cheating, whistle blowing, and bribery. A section on Corporate Values and Responsibilities delves into ethical issues related to the financial industry, competition, safety, privacy, and intellectual property. A section on Global Capitalism examines the ethical issues related to culture, justice, the internet, and environmental issues around the world. All content is supported by 40 contemporary case studies that allow students to grapple with a wide range of moral issues and apply ethical frameworks to a variety of situations at real-world organizations, including GlaxoSmithKline (GSK) in China, Firestone in Liberia, and the Apple Encryption Controversy. The book is complemented by online resources for instructors and students, including: Test Bank, PowerPoint slides, an Instructor's Manual with extensive case notes, Exercises and Activities, Multimedia resources, Quizzes, Flashcards, and SAGE Journal Articles. Suitable reading for undergraduate students on Business Ethics courses.

*Managing Human Excellence in Organizations* Routledge

There's no such thing as business ethics.

How can that be? Because a single standard applies to both your business and personal life-and it's one we all know and trust: the Golden Rule. Now bestselling author John C. Maxwell shows you how this revered ideal works everywhere, and how, especially in business, it brings amazing dividends. There's No Such Thing As "Business" Ethics offers: \* Stories from history, business, government, and sports that illustrate how talented leaders invoked this timeless principle \* Examples of difficult business decisions-layoffs, evaluations, billing clients, expansion-and how the Golden Rule applies to each \* The five most common reasons people compromise their ethics-and how you can prevail over such moral obstacles \* How applying the Golden Rule to business builds morale, increases productivity, encourages teamwork, lowers employee turnover, and keeps clients coming back. John C. Maxwell not only reveals the many ways the Golden Rule creates the perfect environment for business success, but does it with great wisdom, warmth, and humor. Backed by flawless research and the ideas of history's best thinkers, this

engaging book brilliantly demonstrates how doing the right thing fosters a winning situation for all, with positive results for employees, clients, investors, and even your own state of mind. Business runs much more smoothly, profits increase, and you know that you've set the groundwork for years of future prosperity...and it's all thanks to the tried-and-true Golden Rule.

**The Moral Limits of Markets** Cengage Australia

This third Asia-Pacific edition of *Moral Issues in Business* examines key ideas in business ethics in the context of moral and ethical issues encountered by Australian and New Zealand businesses and organisations. Structured within 11 chapters of text - including new, cutting edge ethical theories and practices - *Moral Issues in Business* presents the latest ethical insights and thinking in a manner that is accessible to students

*Moral Dimensions of World War II* American Bar Association

The *Journal of Business Ethics* was founded by Alex C. Michalos and Deborah C. Poff and published its first issue in March 1982. It is the most frequently cited business ethics journal in the world. The

Journal has always offered a multi-disciplinary and international public forum for the discussion of issues concerning the interaction of successful business and moral virtue. Its authors and readers are primarily scholars and students in social sciences and philosophy, with special interests in the interaction of these disciplines with business or corporate responsibility. Since the field of business ethics grew simultaneously with the growth of the Journal, a collection of its most cited articles is tantamount to a collection of the articles that had the greatest influence in defining the field over its first 30 years of development. In this anniversary volume, an overview of

citation classics from the Journal is presented, the 33 most frequently cited articles are reproduced and brief reflections on the impact of the Journal on the field are given from over 100 scholars who authored citation classics and/or distinguished papers, as well as those who served on the Editorial Board and/or are recognized as leaders in the field. Inquiries, Cases, and Readings Oxford University Press

This accessible, applied text covers the complex environment in which managers confront ethical decision making. Using a managerial framework, the authors address the overall concepts, processes, and best practices associated with

successful business ethics programs-- helping students see how ethics can be integrated into key strategic business decisions. The Seventh Edition incorporates comprehensive and rigorous updates that reflect the ever-increasing academic and governmental attention being given to this area. The textbook program provides an abundance of real-world examples and cases, as well as exercises, simulations, and practice tests that provide plenty of opportunity for students to master the text material.
