When you use this guide, you will get a basic overview of the CLEP, a look at the general examinations and the vast number of subject-specific exams, tips for registering and preparing for the CLEP, and a guide to interpreting your test scores. This is followed by extensive reviews of the five CLEP general examinations, with pre- and post-tests and subject matter overviews that will help you pinpoint your strengths and weaknesses. The Appendix will go into detail about a number of CLEP subject exams. Introduction to Sociology John Wiley & Sons This best-selling comprehensive book conveys the relevance of sociology by including a timely collection of theories, research, and

examples--including its signature first-person accounts that open chapters. Experiences represented in these opening vignettes accurately mirror the richness and complexity of society, while also establishing the themes that are carried throughout the chapters. Author Diana Kendall's vivid, inviting writing style, emphasis on applications, eye for the most compelling current examples, and use of assignable photo essays and companion videos engage readers and further highlight sociology's relevance to all students. Now in its Ninth Edition, *SOCIOLOGY IN OUR TIMES* is acclaimed in the field for being the first textbook to integrate race, class, and gender issues, and for its thorough presentation of sociological theory, including contemporary perspectives such as feminism and postmodernism. Questioning Gender
Thomson
Peterson's Master the Social Sciences and

History CLEP Test is the perfect resource to help you ace this CLEP general examination, which tests you on a broad range of topics in U.S. and world history, political science, geography, economics, psychology, sociology, anthropology, and more. In preparation for taking this exam, you will start by taking a 50-question pre-test, which-together with its detailed answer explanations-will help you see which subject areas you need to focus on during your studies. This guide then offers summaries of U.S. and world history topics; comparative politics and U.S. institutions; cultural, physical, and regional geography; a review of economics with a glossary of relevant terminology and major theorists and schools; and a discussion of the thoughts and methods of psychology, sociology, and anthropology. You will practice with review questions and conclude with a 50-question post-test, all of which come with answer explanations for further knowledge retention.

A Biosocial Introduction
Policy Press
In an era of human genome research, environmental challenges,

new reproductive technologies, and more, students can benefit from introductory sociology text that is biologically informed. This innovative text integrates mainstream sociological research in all areas of sociology with a scientifically informed model of an evolved, biological human actor. This text allows students to better understand their emotional, social, and institutional worlds. It also illustrates how biological understanding naturally enhances the sociological approach. This grounding of sociology in a biosocial conception of the individual actor is coupled with a comparative approach, as human biology is universal and often reveals itself as variations on themes across human cultures. Tables, figures, and photos, and the author's concise and remarkably lively style make this a truly enjoyable book to read and teach.

Cengage Advantage Books: Introduction to Sociology W. W. Norton
A perfect alternative to the traditional introductory sociology text, *TEN QUESTIONS: A SOCIOLOGICAL PERSPECTIVE*, Eighth Edition, employs a unique

approach to introducing and examining sociological principles. The text poses and answers questions that pique student interest, such as: What does it mean to be human? Are human beings free? Why is there misery in the world? The book examines the philosophies of classical sociologists such as Marx, Weber, Durkheim, Mead, and Berger, and looks at how the field of sociology has approached these questions over the past 150 years. Thoroughly updated, the Eighth Edition includes such new real-world examples as the political revolution in Egypt and the Tea Party movement as illustrations of social conflict; and intriguing new discussions of how individuals can affect society, inequality and social stratification, and many other topics. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

An Introduction to Sociology McGraw-Hill College

This collection of original chapters, written by prominent social scientists, elucidates the theory and practice of

contemporary rural sociology. The book applies lessons from the careers of sociologists and their field research endeavors, covering a wide range of topics: agricultural production, processing, and marketing; international food security and rural development; degradation of the bio-physical environment across borders; and the study of community, family, health, and many other issues in an increasingly globalized world. The authors' candid accounts provide insight into possibilities for enhancing opportunity and equality and serving basic human needs.

A Sociological Exploration Peterson's Peterson's Master the College Composition CLEP Test offers a comprehensive review of the skills assessed in this general examination. You will start by taking a 50-question pre-test, complete with detailed answer explanations, to help find your strengths and weaknesses. This is followed by a thorough discussion of the conventions of Standard Written English, revision skills, the ability to use source materials, and rhetorical analysis. Each

of these subject areas includes review questions with answer explanations. You will review how to write a successful essay, and then go through an in-depth usage review. You can then practice with a 50-question post-test, which is also accompanied by answer explanations.

Introduction to Sociology W.W. Norton & Company

With content organized around big questions about gender, *Questioning Gender: A Sociological Exploration* serves as a point-of-departure for conversations about gender, and as a resource for exploring answers to many of those questions. Rather than providing definitive answers, this unique book exposes readers to new material that will lead them to question their assumptions.

The Sociological Imagination Excelsior / Regents College Ex *An Introduction to Sociology* is your essential guide to understanding the social forces that shape our lives and the world around us. This innovative textbook introduces you to the key theories, themes, and concepts in the discipline

of sociology and helps you to develop as a sociologist by providing comprehensive coverage of all the main areas of study. Presenting you with the history, current debates and recent research developments for each topic, this book covers everything from classical sociologies and traditional subjects such as class, families, and religion, through to more progressive areas like digital society, social media, migration, and the interconnectedness of modern global society. The book's extensive coverage means it can be used throughout your studies, from first year to final year. Key features: Each chapter is written by an internationally renowned expert who uses specialist insight and the latest research to provide a reliable and up-to-date overview. Includes a selection of unique learning features such as "Hear from the Expert" boxes and "Key Cases" from around the world, as well as reflective activities and revision questions that will enhance your knowledge. Features a section titled "What is sociology useful for?" which includes chapters on the public value of sociology and the role of

sociology in contemporary society. The book is supported by a wide-ranging collection of online teaching and learning resources including exclusive video content from SAGE Video, links to SAGE Journal Articles, sample essay questions, and a selection of multiple-choice questions. This definitive text is perfect for first-year sociology undergraduates and anyone studying sociology at university or college level.

Introduction to Family Processes Introduction to Sociology 2e Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has

been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones Introduction to Sociology An introduction to the study of sociology that includes information on different sociological theories, the founding fathers of sociology, the ways sociology is studied and practiced around the world, and other related topics.

Introduction to Sociology SAGE

Publications

The Group Mind

Harcourt Brace College Publishers

Using engaging stories and a diverse cast of characters, Lisa Wade memorably delivers what C. Wright Mills described as both the terrible and the magnificent lessons of sociology. With chapters that build upon one another, *Terrible Magnificent Sociology* represents a new kind of introduction to sociology. Recognizing the many statuses students carry, Wade goes beyond race, class, and gender, considering inequalities of all kinds and their intersections. She also highlights the remarkable diversity of sociology, not only of its methods and approaches but also of the scholars themselves, emphasizing the

contributions of women, immigrants, and people of color. The book ends with an inspiring call to action, urging students to use their sociological imaginations to improve the world in which they live.

Study Guide for Society in Focus: An Introduction to Sociology SAGE

Peterson's Master the Humanities CLEP Test thoroughly prepares you for the CLEP Humanities exam that assesses your general knowledge of literature, music, art, and architecture. You will start your preparation with a 50-question pre-test, which is followed by answer explanations for each question. Then there are review sections for each subject, accompanied by glossaries of relevant terminology and pictures of famous structures and paintings. This is followed by practice questions to help you retain the information you have reviewed. Your preparation is completed by taking a 50-question post-test, which also comes with detailed answer explanations.

Ten Questions: A Sociological Perspective SAGE

Comprehensive and engaging, this textbook introduces students not only to foundational sociological work, but also to insights from contemporary sociological theory and research. This combined approach ensures that students become familiar with the core of sociology: key concepts, theories, perspectives, methods, and findings. Students will acquire the ability to think like a sociologist, investigate and understand complex social phenomena. This text presents a complete sociological toolkit, guiding students in the art of asking good sociological questions, devising a sophisticated theory and developing methodologies to observe social phenomena. The chapters of this book build cumulatively to equip students with the tools to quickly understand any new sociological topic or contemporary social problem. The textbook also applies the sociological toolkit to

selected key sociological issues, showing how specific sociological topics can be easily investigated and understood using this approach. Taking a global and comparative perspective, the book covers a rich diversity of sociological topics and social problems, such as crime, immigration, race and ethnicity, media, education, family, organizations, gender, poverty, modernization and religion. The book presents a range of helpful pedagogical features throughout, such as: Chapter overview and learning goals summaries at the start of every chapter; Thinking like a sociologist boxes, encouraging students to reflect critically on learning points; Principle boxes, summarizing key sociological principles; Theory schema boxes, presenting sociological theories in a clear, understandable manner; Stylized facts highlighting key empirical findings and patterns; Key concepts and summary sections at the end of every chapter; and Companion website providing additional material for every chapter for both instructors and students, including PowerPoint lecture notes, discussion questions and

answers, multiple-choice questions, further reading and a full glossary of terms. This clear and accessible text is essential reading for students taking introductory courses in sociology. It will also be useful for undergraduate and graduate courses in other social science disciplines, such as psychology, economics, human geography, demography, communication studies, education sciences, political science and criminology.

Part V of VI Peterson's While providing a rock-solid foundation of sociology, *Introduction to Sociology: Canadian Version*, by renowned sociologists George Ritzer and Neil Guppy, illuminates traditional sociological concepts and theories, as well as some of today's most

compelling social phenomena: Globalization, consumer culture, and the Internet. Ritzer and Guppy bring students into the conversation by bridging the divide between the outside world and the classroom. The international version of the book by Ritzer has been redesigned with an explicitly Canadian core. The result is this compelling Canadian version featuring George Ritzer's distinctive voice and style blended with Neil Guppy's definitive views on Canadian sociology—highlighting the place of Canada in a globalizing world. *An Introduction to Sociology* Allyn & Bacon The classic work that redefined the sociology of knowledge and has inspired a generation of philosophers and thinkers In this seminal book, Peter

L. Berger and Thomas Luckmann examine how knowledge forms and how it is preserved and altered within a society. Unlike earlier theorists and philosophers, Berger and Luckmann go beyond intellectual history and focus on commonsense, everyday knowledge—the proverbs, morals, values, and beliefs shared among ordinary people. When first published in 1966, this systematic, theoretical treatise introduced the term social construction, effectively creating a new thought and transforming Western philosophy.

Part VI of VI *Routledge CLEP Success* is the most comprehensive guide for the 5 General CLEP tests. Packed with practice tests as well as thorough strategy and subject review, this guide is a complete CLEP prep solution.
