In this #1 New York  
Times bestseller, Ellen  
DeGeneres shares her  
hilarious take on

witty, engaging book offers insights into the mind of one of America's most beloved comics.... Dear Reader, I was awfully excited when I was asked to write a book. I was however, nervous. I was afraid I didn't have anything important to say. But when I began writing, I realized that although I don't know a lot about any one thing, I know a little about a whole bunch of things: baking a pie; dancing; curing the common cold; running the Iditarod—it's all in the book. And I realized I notice things that maybe some people don't notice (or they don't notice that they don't notice). That's all in the book, too.

A beautifully written and evocative memoir of pain and redemption, of hurt and healing, from an actress whose private life and personal choices have made her a household name. "My life is a life movies are made of," wrote Anne Heche in the proposal for her memoir. Yet what is truly surprising about Heche is that the most publicized event of her past -- her romance with Ellen DeGeneres -- is only one development in a fascinating and difficult life that has included more than its share of heartache and tragedy.

Heche's memoir reveals the woman behind the headlines, one who has conquered overwhelming odds. Far from a celebrity memoir, this is an empowering and thought-provoking book guaranteed to surprise and inspire.

In the last few decades, more and

more people are going to college to further their education. It's hard to become a scientist, a professor, or a businessperson without getting some sort of college degree--but college isn't always necessary to achieve success. Some people are ready to enter the workforce right after high school. Ellen DeGeneres was one of those people. The comedian began her career doing stand-up routines in New Orleans coffee houses. Today, Ellen has one of the most successful talk shows on television and stars in commercials for everything from credit cards to makeup. She's even judged "American Idol"! And what's most amazing about her story is that the charming talk show

host has done it all without a college degree!

In 1997 Ellen

DeGeneres made television history when she came out to the American public on her nationally syndicated sitcom. In spite of the controversy stirred by this personal revelation, Ellen DeGeneres has gone on to become one of the most popular personalities in Hollywood. With her own highly rated daily talk show, a lucrative ad campaign with American Express, and a successful turn as Oscar host to her credit, she has become one of America's leading female comedians and won her place a household name. High

profile romances with actresses Anne Heche and fiancé Portia de Rossi, have also made her an unassuming champion for gay and lesbian rights. Ellen DeGeneres' monumental success, however, belies a painful childhood and uncertain career beginnings. This comprehensive and intriguing biography explores the life events that shaped the hilarious public figure we know today. Complete with a chronology of significant events, illustrations, and a bibliography of print and electronic resources, this detailed biography is ideal for general readers looking to learn more about their favorite star or for those seeking information on

groundbreaking members of the gay and lesbian community.

Synopsis coming soon.....

Just a Mom little bee books

"Mom, I'm gay." With three little words, gay children can change their parents' lives forever. Yet at the same times it's a chance for those parents to realize nothing, really, has changed at all; same kid, same life, same bond of enduring love. Twenty years ago, during a walk on a Mississippi beach, Ellen DeGeneres spoke those simple, powerful words to her mother. That emotional moment eventually brought mother and daughter closer than ever, but not without a struggle. Coming from a republican family with conservative values, Betty needed time and education to

understand her daughter's homosexuality -- but her ultimate acceptance would set the stage for a far more public coming out, one that would change history. In *Love, Ellen*, Betty DeGeneres tells her story; the complicated path to acceptance and the deepening of her friendship with her daughter; the media's scrutiny of their family life; the painful and often inspiring stories she's heard on the road as the first non-gay spokesperson for the Human Rights Campaigns National Coming Out Project. With a mother's love, clear minded common sense, and hard won wisdom, Betty DeGeneres offers up her own very personal memoir to help parents

understand their gay children, and to help sons and daughters who have been rejected by their families feel less alone. [QBD Seriously I'm Kidding](#) Hyperink Inc Ellen tells the story of her childhood in Louisiana and Texas, to her success as a stand-up comic and being one of the most recognizable faces on television.
