Development of a Driver Improvement System for Traffic Violators

A comprehensive guide for Over-50 entrepreneurs starting a business in 2021, even if they've never owned a business before. In a knowledge-based economy, "KNOWLEDGE" is the indispensable ingredient that transcends all industries to separate winners from losers. Fifteen Critical Insights For Business Owners Over Fifty is knowledge on steroids. Let's be honest. The "new normal" in the workplace started long before COVID-19. Mass downsizing started in the late '90s. Over 91,500 factories and six million US manufacturing jobs were lost to globalization and outsourcing. According to Forbes, 39,200 brick-and-mortar stores shut down. AI robots are now collecting bridge tolls, cleaning hotel floors, driving trucks, performing medical analysis, and picking stocks on Wall Street. Humans have been told to go home. Over-50 workers know the score. They (along with their big salaries, health benefits, and retirement packages) are at the top of the list to go home too. What is the solution? What can over-50 wage-earners do? The solution is simple: Find an unmet need. Meet the unmet need. Get paid for meeting the unmet need. Although the solution is simple, the execution is highly complex, full of pitfalls and booby traps, and according to the SBA, plagued by a failure rate of roughly 60%. Without the proper guidance, chances are, you're going to fail. FIFTEEN CRITICAL INSIGHTS FOR BUSINESS OWNERS OVER FIFTY is the game-changer that gives you a fighting chance. In this book you discover: How you, as a long-time wage-earner, must FIRST transform your mind. (Everything, absolutely everything having to do with decoupling from petty corporate politics and boss-pleasing activities, starts inside your head.) How your perceived disadvantages associated with age are really powerful advantages over younger competitors. (SBA stats say you have the upper hand.) How your subconscious is a brilliant, beautiful mechanism for failure. (For the sake of your success, happiness, wholeness, and healing, your subconscious will tell you a lie.) How your most trustworthy advisors have misled you about debt. How the entire marketplace is NOT open to your exploration. (Your work experiences, personality traits, and core competencies prohibit many market opportunities that others might find compatible.) How centuries of human evolution may cause your spouse to rebel against your entrepreneurial inclinations. How treating people the way Steve Jobs treated people will drive your new business into the ground. Truth is Knowledge that Empowers You... Columbus didn't discover America. There were no weapons of mass destruction. There are more than eight planets in our solar system. AND... You are NOT too old, too cash-strapped, too technology-deficient to start a successful

business. Time to reset for the new normal. Let's GO!!! If you want critical, game-changing insight to start your business, click the add to cart button now.

FIFTEEN CRITICAL INSIGHTS FOR BUSINESS OWNERS OVER FIFTY

'Tales from the Desert' is the compelling, true story of a British expatriate who journeyed to Saudi Arabia as a young man to seek his fortune for a couple of years and ended up staying for twenty-five. The collection of real-life tales are amusing, mystifying, captivating and at times downright terrifying. Journeying to the mystical deserts of Arabia in the 1970s, when the world economy revolved around the price of oil and the concept of Islamic fundamentalism was barely known, the author takes the reader through a joyride of experiences including the unfolding drama of the first Gulf War and a 'too close for comfort' view of the uprising during the Arab Spring.
