This blistering novel—from the bestselling, Pulitzer Prize-winning author of *The Road*—returns to the Texas-Mexico border, setting of the famed *Border Trilogy*. The time is our own, when rustlers have given way to drug-runners and small towns have become free-fire zones. One day, a good old boy

named Llewellyn Moss finds a pickup truck surrounded by a bodyguard of dead men. A load of heroin and two million dollars in cash are still in the back. When Moss takes the money, he sets off a chain reaction of catastrophic violence that not even the law—in the person of aging, disillusioned Sheriff Bell—can contain. As Moss tries to evade his pursuers—in particular a

mysterious mastermind who flips coins for human lives—McCarthy simultaneously strips down the American crime novel and broadens its concerns to encompass themes as ancient as the Bible and as bloodily contemporary as this morning's headlines. *No Country for Old Men* is a triumph. *General Motors Chevrolet Equinox and Pontiac Torrent* Harper Collins Fledgling,

Octavia Butler's last novel, is the story of an apparently young, amnesiac girl whose alarmingly un-human needs and abilities lead her to a startling conclusion: she is in fact a genetically modified, 53-year-old vampire. Forced to discover what she can about her stolen former life, she must at the same time learn who wanted—and still wants—to destroy her and those she cares for, and

how she can save herself. *Fledgling* is a captivating novel that tests the limits of "otherness" and questions what it means to be truly human. [A History, 2d ed.](#) Haynes Manuals N. America, Incorporated An essential guide to ignition and timing, for classic car owners and restorers. Aimed at both keen amateurs and professionals alike, *Ignition and Timing* covers the history and evolution of

the automotive ignition system, and how to fit, modify and maintain your system for optimum timing and maximum performance. Topics covered include understanding and fault-testing the coil ignition system; post-war distributors and aftermarket systems; how to fit electronic ignitions and modify the distributor, including twin-point

distributors; rebuilding and maintenance; Lucas, Delco and Bosch systems; identification charts for your distributor and finally, how to achieve optimum timing and how to use a timing light. Fully illustrated with 90 colour images and 10 diagrams.	An "innovative" (The New Yorker) retelling of the story of Dracula. Told with the flourish and poise of a talented storyteller, Kostova turns the age-old tale into a compelling "late night page-turner" (San Francisco Chronicle) When a young woman discovers a cache of ancient letters, she is thrown into the turbulent history of her parents' dark pasts. Uncovering a	labyrinthine trail of clues, she begins to reconstruct a staggering history of deceit and violence. Debut novelist Elizabeth Kostova creates an adventure of monumental proportions, a relentless tale that blends fact and fantasy, history and the present, with an assurance that is almost unbearably suspenseful and utterly unforgettable. <u>Advanced Tuning</u> Broadway GM: Chevrolet
