The fundamental contrast between convergent and divergent tendencies in the development of Balkan cultural identity can be seen as an important determinative both in the contradictory self-images of people in the Balkans and in the often biased perceptions of Balkan societies held by external observers, past and present. In bringing together case studies from such heterogeneous lines of research as linguistics, anthropology, political, literary and cultural history, each presenting insightful analyses of micro- as well as macro-level aspects of identity construction in the Balkans, this collection of essays provides a forum for the elucidation and critical evaluation of an intriguing paradox which continues to characterize the cultural situation in the Balkans and which, moreover, is of undeniable relevance for our understanding of recent political developments. As such, it also provides a window into the actual state of scholarly interest in the rich interdisciplinary field of Balkan studies. This book contains a selection of papers presented at the international conference «Developing Cultural Identity in the Balkans: Convergence vs. Divergence», organized by the Center for Southeast European Studies at Ghent University on 12 and 13 December 2003 in Ghent.

The tender plant of Albanian literature grew in a rocky soil. It was late to evolve and its

development, indeed its very existence, was threatened in many periods. "Albanian Literature: A Short History" tells the story of the survival and growth of Albanian creative writing beginning with the earliest thirteenth century texts of Theodor of Shkodra, tracing the development of the modern literature of Buzuku, Budi and Bogdani, the incorporation of the Muslim influences of Frakulla and Kycyku and continuing with the works of Cajupi and Kadare during the reign of King Zog and the Hoxha administration. A unique book that illuminates an under-researched subject, "Albanian Literature" is an essential reference guide for all those interested in Balkan cultures, in comparative literature and in European cultural history in general.

Not everyone is cut out to be an entrepreneur. Many of us are happy to have a job, we just want a better job, one that fulfills us, makes us wealthy, and brings us satisfaction. Still, income is now permanently going down versus inflation for the average employee. Industry, knowledge, and management are all being outsourced cheaply to other countries or to technology. Many people mistakenly think that the solution is entrepreneurship. That "entrepreneurship is the pathway to riches". This is not true. Being an entrepreneur does have great upside but also it has a well-known rate of failure of 85%. There is no way to predict your way out of that 85%. 85% of ALL startups fail. The solution is to become a rich employee with the mindset and techniques described in this book. This is the first book ever to detail how one can become a The Rich Employee in our times. And there is more: companies in this new century will only succeed if they encourage their employees to develop a Rich Employee mindset. Written by the author of "The Choose Yourself Guide to Wealth" which USA Today has called "One of the 12 Best Business Books of All Time" and also the author of WSJ and USA Today bestseller "Choose Yourself" which Forbes recently called one of the "Top Five Books Every Entrepreneur Must Read", this book gives you the tools to find satisfaction, meaning, and true wealth as a rich employee.

Professor Skendi, a native of Albania, traces the progress and setbacks of Albania's long struggle for national unity during this least-known period of its intricate history. He discusses the heritage of its people and examines in detail the developments that led to Albanian independence: national resistance to the decisions of the Congress of Berlin, later opposition to Turkey, and the struggle between the Albanians and the Young Turks. Consideration is given to such internal problems as geographic configuration, religious and political division, and to such external problems as Italo-Austrian rivalry, political interference from neighboring states, and the involvement of great powers. Originally published in 1967. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. The Epics of Gilgamesh, Homer, Vergil, Shahnameh, are sources of our knowledge of religious beliefs. This epic is a welcome introduction to the spiritual world of the Albanians as they fought the crusades. The "Songs of the Frontier Warrior is the first English-language translation ever made of Albanian epic verse. As the product of a little-known culture and a difficult, rarely studied language, the Albanian epic has tended to remain in the shadow of the Serbo-Croatian, or more properly, Bosnian epic, with which it has undeniable affinities. This translation may thus be regarded as an initial attempt to rectify the imbalance and to give scholars and the reading public in general an opportunity to delve into the exotic world of the northern Albanian tribes. The present bilingual edition offers a broad selection of the best known songs. Also included are an introduction, a glossaries of terms and sources, and a selective bibliography.

LIBRASHQIP me anë të gamës "Klasikët Shqiptarë" sjell "Lahuta e Malcís"(në shqipen standarde:

Lahuta e Malësisë), një vepër epike dhe kryevepra e At Gjergj Fishtës, të cilën e nisi më 1905 dhe e mbaroi më 1937. Sipas biografëve të tij, autori vazhonte ta ripunonte tekstin edhe me vonë. E ndikuar dëndur nga këngët epike veriore, përmban elemente të besimeve popullore shqiptare dhe ndikime të letërsisë sllave të jugut. Ndikimin letrar e mori nga fretërit françeskanë gjatë studimeve në kuvendet françeskane në Bosnie. Më 1905 u botua në Zara te Kroacise Bleni I i veprës, me pesë këngë me të hollat që i kishte dërguar Faik Konica. Një vit më vonë u botua Bleni II, me katër këngë dhe kështu me rradhe, deri në botimin përfundimtar me 30 këngë. Në sfondin e maleve shqiptare, Fishta ndërthur një rrëfenjë heroizmi, dashurie dhe sakrifice. Lahutabëhet një simbol i rezistencës dhe një dëshmitar i betejave të luftuara për liri. Përmes vargjeve elokuentë, Fishta pikturon një tapiceri të pasur të folklorit, historisë dhe shpirtit shqiptar të pamposhtur. "Lahuta e Malësisë" është një thesar kulturor, një ode për mbijetesën e një populli dhe një dëshmi për fuqinë e letërsisë për të ruajtur thelbin e një kombi.

**Biographical Dictionary of Central and Eastern Europe in the Twentieth Century** Canongate Books

This book explores the historical role of the Balkan Wars. In Eastern Europe, the two Balkan Wars of 1912/13 had greater importance than the First World War for the construction of nations and states. This volume shows how these "short" wars profoundly changed the sociopolitical situation in the Balkans, with consequences that are still felt today. More than one hundred years later, the successors of the belligerent states in Southeastern Europe memorialize the wars as heroic highlights of their respective pasts. Furthermore, the metaphor that the Balkans were Europe's "powder keg", perpetuated at the beginning of the twentieth century in the face of these wars, was reactivated in both the West and the East up through the Yugoslav wars of the 1990s. The authors entangle the hitherto exclusive national master narratives and analyse them cogently and trenchantly for an international readership. They make an indispensable contribution to the proper integration of the Balkan Wars into the European historical memory of twentieth-century warfare.

Popular uprisings have taken many different forms in the last hundred or so years since Muslims first began to grapple with modernity and to confront various systems of domination both European and indigenous. The relevance of studies of popular uprising and revolt in the Muslim world has recently been underlined by shattering recent events, particularly in Egypt, Yemen, Tunisia and Libya. The book consists of a close analysis of the problématique of the Qur'an, showing the openness of the text to Islamic reform and renewal; the role of Islam in creating a specific form of communism in Albania and Kosova; the Chechen revolts against Russian rule after the collapse of the Soviet Union, and the short-lived period of alliance between communism and Islam in the early 1920s; the history of alliances between British Muslims and socialists since the 1950s. The book also traces the evolution of the Muslim-Communist alliance during the twentieth century, analyses the driving forces behind it, looks at the new situation created by the democratic revolts of 2010-11 in the Middle East and attempts a prognosis for future relations between these and existing communist groups. This volume contributes to the debate over the aims and methods of these popular uprisings. This book was published as a special issue of the Journal of Communist Studies and Transition Politics.

When it was first published in the author's native country, *THE PALACE OF DREAMS* was immediately banned. The novel revolves around a secret ministry whose task is not just to spy on its citizens, but to collect and interpret their dreams. An entire nation's unconscious is thus tapped and meticulously

laid bare in the form of images and symbols of the dreaming mind.

In the 1920s and 1930s, the writers of Shkodra in northern Albania were profoundly aware of the misery around them, and it is perhaps the extreme diversity of their social environment which furthered their talents. They looked to the West and longed for a new, European Albania, yet they found themselves in an archaic society, one so bound by the force of tradition and custom that progress was impossible. Their writings reflected and gave full expression to this dilemma. The present collection brings together a number of well-known short stories and prose sketches by two of the finest Albanian writers of the first half of the twentieth century: Ernest Koliqi and Migjeni. These two men of Shkodra, one raised as a Catholic and the other as Orthodox, could scarcely have been more different.

A Concise History of Albania charts the history of Albania and its people, within their Balkan and European contexts. It shows the country's journey from its ancient past, still shrouded in mystery and controversy, through its difficult transition from a particularly brutal form of communism to an evolving form of democracy and a market economy. Bernd Fischer and Oliver Schmitt challenge some of the traditional narratives concerning the origins of the Albanians, and the relations between Albanians and their Balkan neighbours. This authoritative and up-to-date single-volume history analyses the political, social, economic, and cultural developments which led to the creation of the Albanian state and the modern nation, as well as Albania's more recent experience with authoritarianism, war, and communism. It greatly contributes to our understanding of the challenges facing contemporary Albanians, as well as the issues confronting the region as a whole as it attempts to grapple with one of the last remaining significant ethnic issues in the Balkans.
