HUFFMAN LAMBERT

Central Electric Light and Power Stations Penguin
British spy Elliot Kane is forced out of semi-retirement to investigate a colleague's suspicious death on Ascension Island, a remote and rocky outpost of the British military in the middle of the Atlantic. Despite uncovering a deep plot to incite a new world war, Elliot Kane has been on probation with the service since his misadventures in Kazakhstan. Having taken up a job teaching college literature and linguistics, he surprisingly enjoys living a conventional life and wonders if he would even go back to spycraft. Then a colleague from an ages-ago mission reaches out with a request. One of her tech specialists was on a long-term mission, in deep cover, but has suddenly killed himself. The agency is afraid to finish this vital mission without knowing what prompted this seemingly healthy man to take his own life. The carrot in this offer is helping his old friend; the stick is a worse punishment from the Agency if he doesn't comply. So Elliott poses as an academic researcher and heads to one of the most remote places on the planet, Ascension Island. Arriving on a rocky, barely livable island located in the Atlantic Ocean, halfway between Brazil and Angola, Kane is unsure whom to trust and why this lonely outpost is so important to the British military . . . until he uncovers dangerous secrets that lead straight back to London's highest offices.

An Elliot Kane Thriller

A Magazine Devoted to the Brotherhood of Humanity, the Promulgation of Theosophy and the Study of Ancient and Modern Ethics, Philosophy, Science, and Art Simon and Schuster

Her work has been hailed as "a return to the golden age of romantic suspense," and Belmond is back with her beloved characters and their search for a missing bridal tapestry. Dateline: London, Paris, Antibes. It's time to get down to wedding planning. But while heiress Penny's distant relatives insist that the nuptials be held in their native France, Jeremy's kin won't have it anywhere but England. And either choice might just re-ignite the Hundred Years' War... Then, in a family château high above the perfume fields of Grasse, Penny's French cousin offers her the loan of an ancient bridal tapestry. But Penny has barely begun to crack its perplexing imagery before a series of strange events unfolds, threatening to derail the wedding. From a secret chalet on Lake Geneva, to a nostalgic stop at the opulent Train Bleu, to a winner-take-all gamble in Monte Carlo, Penny and Jeremy are off on another romp...while the clock is ticking down until they say, "I do."

The Weekly Review Simon and Schuster

A comprehensive look at the inspiring, healing, and addictive powers of the Opium Poppy and its derivatives throughout history • Covers the history, risks, and benefits of opium, morphine, oxycodone, methadone, and fentanyl • Provides techniques of cultivation, extraction, and safe consumption as well as methods for overcoming addiction and staying “clean” • Profiles 11 famous users, including Thomas de Quincey, William S. Burroughs, Lou Reed, and DJ Screw Few plant allies have a history as long and well-documented as Papaver somniferum, the celebrated and infamous

opium poppy. For thousands of years people around the world have been unable to resist the poppy's siren song of intoxicating pleasure, pain relief, and visionary states--so much so that this potent plant has literally adapted itself to human civilization: in increasing its intoxicating properties, it came to rely solely on humankind for its propagation. From 6,000-year-old poppy seeds found in archaeological digs in Europe to the black tar heroin factories of South America and the modern “War on Drugs,” Kenaz Filan explores the history of this enduring plant and its many derivatives—including opium, morphine, oxycodone, methadone, and fentanyl—as well as its symbiotic relationship with humans as medicine, food, intoxicant, and visionary tool. Profiling 11 famous users including Thomas de Quincey, William S. Burroughs, Lou Reed, and DJ Screw, Filan examines how opium and other poppy derivatives inspired them as well as the high price it exacted for its inspiration. Covering techniques of cultivation, extraction, and safe consumption along with methods for overcoming addiction and staying “clean,” this book offers a sensible approach to the poppy that recognizes the plant not as a crop to be harvested or eradicated but as a living, sentient ally that can offer healing or harm and must be approached with respect and caution.

A definitive reference to English words and usage

Ascension Zondervan

Offering a wide variety of distinctively Australian words in current use, as well as the general vocabulary that Australia shares with other English-speaking countries, the Australian Concise Oxford Dictionary is the most ambitious treatment of Australian English yet published. With senses arranged in order of comparative familiarity or importance, there is generous treatment of abbreviations and compounds, and an easy-to-understand Australian guide to pronunciation and inflection. Etymologies are explained in detail, and alternative spellings are given, with preferred spelling first. Labels indicate subject areas; level of usage is noted. Illustrative phrases and sentences show words in use. Disputed and racially offensive uses are indicated, as are irregular plurals, and over 80,000 entries demonstrate precisely Australian English usage. .

Ingenious Ireland takes readers on a magnificent tour of the country's natural wonders, clever inventions, and historic sites. Richly illustrated and meticulously compiled, Ingenious Ireland introduces readers to the complete history, culture, and landscape of all thirty-two Irish counties. Mary Mulvihill unearths Ireland's treasures and divulges her secrets, such as the oldest fossil footprints in the Northern hemisphere, the advent of railways, the invention of milk of magnesia, and why the shamrock is a sham. Fascinating and comprehensive, Ingenious Ireland unravels the mysteries and marvels of this remarkable country.

Power Plant Engineering Oxford University Press

In celebration of the thirty-fifth anniversary of this renowned maritime thriller, a new edition for the next generation of readers. It was the largest moving object on the face of the earth, but for Carolyn and Peter Hardin it was a towering wall of steel bursting out of a squall at full speed, bearing down on their ketch Siren. In a few dramatic moments, Siren was shattered by the indifferent juggernaut. Struggling for his life, Peter Hardin felt the hand of his wife being torn from his grip as the huge white letters on the supertanker's stern—Leviathan—steamed away. Thus begins an odyssey of revenge that embraces the distant waters of the world, from the titanic

storms of the South Atlantic to the oil-slicked reaches of the Persian Gulf. Now back in print for the first time in twenty-five years, *The Shipkiler* is the story of one man determined to win at sea the justice he has been denied on land.

American Agriculturist High Strung

33 fascinating objects. 1 amazing story. Join author and pastor Tim Challies as he embarks on a three-year journey spanning multiple continents and some of the most unusual places in the world. Tim introduces you to thirty-three carefully selected objects that help you understand the long and complicated history of Christianity in a unique and creative way. Beginning with Jesus and the early church, Challies looks at: The importance of graffiti on an ancient jail cell The creedal significance of a carving on a museum statue The enduring importance of ancient manuscripts and books And much more! Along the way, you'll discover the story you're already a part of. Epic features: An epic journey: 24 countries, 6 continents, 75 flights, 80 museums Beautiful full-color book design featuring the objects and Tim's journey The complete experience: a 10-episode documentary is also available, taking you on location and providing an immersive experience for understanding the history of Christianity "Together we will listen to these voices of the past tell us the epic story of what God has done and continues to do in our world today." - Tim Challies
A Standard Dictionary of the English Language ... Oxford University Press, USA
New Scientist magazine was launched in 1956 "for all those men and women who are interested in scientific discovery, and in its industrial, commercial and social consequences". The brand's mission is no different today - for its consumers, New Scientist reports, explores and interprets the results of human endeavour set in the context of society and culture.

Nominated for the Governor-General's Award for Non-Fiction, René Lévesque and the Parti Québécois in Power has been described as the classic work on one of the most important periods in recent Quebec history. Graham Fraser paints a vivid portrait of one o

The Power of the Poppy Good Press

Ashlyn Murphy was not living the dream. Twenty-seven years old, college educated, up to her eyeballs in debt and yet she'd been relegated to pouring beers at a local bar. She desperately needed an out and was willing to do anything to get back into the corporate world. Well, almost anything. Dan Evans, Rock Star was NOT one of those things. In fact she despised him. Apparently he didn't get the memo. Dan Evans, bass player of international rock band Power Station had it all. He was rich, travelled the world, played to millions of adoring fans and had no shortage of beautiful women willing to share his bed. He didn't need a moody redheaded knockout with a superiority complex complicating his life. Or did he? When two people who couldn't be more opposite cross paths, it's bound to be explosive; sometimes all you can do is sit back and enjoy the show. Book one of the Power Station series.
