Like one of the movie moguls of old, Michael Eisner is a titan -- feared, powerful, and almost magically successful.

After rising through ABC television and Paramount Pictures, he awoke the sleeping giant of Disney and sent it stomping across the entertainment landscape. But since the tragic death of Frank Wells in a helicopter crash in 1994, he has lacked -- for the first time in his career -- a colleague who could temper his personality. The result, writes Kim Masters, has been a slide into a Nixonian paranoia and isolation. In *The Keys to the Kingdom*, Masters crafts a gripping account of this larger-than-life story of larger-than-life hubris, combining an insightful analysis of power in Hollywood with a vivid, deeply researched narrative that brings the personalities, the enmities, and the corporate mayhem to life.

When Jack O'Connor took over as Kerry football manager in 2004, he was a relative unknown. Three All-Ireland finals, and two titles, later, he stepped down, having established himself as one of the greats. *Keys to the Kingdom* is his vivid account of those three seasons in the most high-pressure job in Irish sport. [Keys to the Kingdom](#) Whitaker House A.J. Cronin's inspiring novel of a controversial Scottish priest on a mission in China, where he learns the true meaning of humanity—and of faith. Francis Chisholm—a kindhearted and straightforward Scottish priest—walks a path all his own, making him unpopular with other members of the clergy. Ostracized by the clerical community and looked down on by his superiors, Chisholm takes a position in China where he supervises a mission beset by poverty, civil war, and plague. He encounters fierce resistance from the local Chinese who distrust his motives, especially as they do not understand or condone his faith. Despite enormous obstacles and temptations, Father Chisholm continues to live in accordance with what he holds as the ultimate truth—serving humanity is the one true religion of the world. *The Keys of the Kingdom* was adapted into the 1944 film starring Gregory Peck as Fr. Francis Chisholm, a role for which he earned his first Best Actor Oscar nomination. Hailed as “a magnificent story of the great adventure of individual

goodness" by The New York Times Book Review and "full of life and people and color" by Harper's, *The Keys of the Kingdom* is considered by many to be A.J. Cronin's finest work.

Rediscovering Faith Vintage

What is true faith? In *The Power of Kingdom Faith*, Dr. Myles Munroe strips away the common errors and misconceptions surrounding faith to reveal the nature, character, and power of true faith, or, Kingdom faith. Kingdom faith trusts not in the promises of God but in the God who promises; seeks not the blessings of God, but the God who blesses. Kingdom faith will always be tested, but because it places its trust in the King of the universe, will always prevail under testing. Kingdom faith, therefore is a triumphant faith that will overcome the world.

Written by a former Roman Catholic of eighteen years and former candidate for the Roman Catholic priesthood, Dr. Todd Baker objectively and honestly examines the grandiose claims of the Papacy and the Roman Catholic Church in the critical light of Scripture and the evidence of history to show where Rome has greatly erred. This multi-volume work provides a controversial overview on the basic doctrines distinctive of Roman Catholicism so the open Catholic can learn how these beliefs, practices, and traditions of Rome contradict Scripture and do not have the support of a consistent, uniform history from the days of Jesus, the apostles, and the first three centuries of the early church and on. With over 1 billion adherents to the Roman Catholic Church, it is incumbent for the Bible believer to know the difference between the real Gospel of Scripture versus the Gospel of Rome and how they are not one and the same Gospel in the end. In a day of man-pleasing, ecumenical compromise with Rome, this book is sorely needed to remind the Protestant church that the real differences between Rome and the Bible have not changed since the Reformation, and must

be reiterated and defended today on the exclusive ground of Scripture alone being the supreme authority in faith and practice for every Christian believer! Dr. Todd D. Baker is president of Brit Hadashah Ministries and Pastor of Shalom, Shalom Messianic Congregation in Dallas, Texas. He holds a Bachelor of Science degree in biblical studies, a Master of Theology degree from Dallas Theological Seminary, and a Ph.D. in Philosophy and Apologetics from Trinity Seminary under the auspices of Liverpool University at Liverpool, England. He is the staff theologian and writer for Zola Levitt Ministries and has appeared on the television program Zola Levitt Presents several times. With his extensive experience in Jewish evangelism, he conducts Gospel outreaches to Israel three times a year.

To Kill a Kingdom Bloomsbury Publishing
Catherine Pepinster charts the relationship

between the British and the papacy in the modern era, looking at how this relationship is coloured by its turbulent past. Despite the enmity of previous centuries, Pepinster uncovers surprising instances of influence of the papacy in British politics, the collaboration between Pope and politicians on key issues, the 'stealth minority' of Catholics occupying major positions in public life, and the modern relationship between the Papacy and the Crown. In addition Pepinster analyses the crucial role that Britain has played in Rome, uncovers the unexpected role of the British Foreign Office in the appointment of Pope Francis, and discusses the modern style of the papacy and how this functions on a global scale. Featuring exclusive interviews with Cardinals Nichols and Murphy-O'Connor, Rowan Williams, Lord Patten and former British Ambassadors to both the Holy See and Italy, this account of the contemporary relationship between Great Britain and the Pope offers both fundamental evidence and penetrating insights into this most fascinating of political relationships.
