LG has taken its inspiration from many

sources to create the new G4 smartphone.

It is ergonomically correct, with gentle

contours that make it easy to use. The

materials in the G4 give it a timeless look

of beauty with functionality. It's easy to

use and it feels good in your hand. There's so much more to a phone than making calls. This e-book will introduce you to some of the finest features in the LG G4.

**** NOTE **** While this edition is good

value, there is a newer edition: The (Unofficial) Google Nexus 5 SmartPhone

Book - Second Edition, The Google-designed and LG-manufactured Nexus 5 is

the first smartphone to run the Android 4.4

"KitKat" operating system. If you've just

bought a Nexus 5 smartphone, or you're

thinking about buying one, you should

read this book. The ethos of the book is

very much "What the Nexus 5 can do for

you!", and it's an unofficial book because

we have not colluded with the

manufacturers (Google or LG) during the writing of the book...so we can say pretty much whatever we want. And if we say we like it, it's because we really do. But we're no "fan-boys", and we don't mind giving a warts 'n' all coverage where it's

warranted. So whether you're so-far undecided, or have already purchased

 LG Electronics launched its brand in the late 1950s and became a household name for electronics and appliances. As the company grew, so did its range of products and services. LG Electronics has now become renowned mobile technology. The company offers a range of LG smart phones; the latest of which include the LG V30. This new smart phone is scheduled to be released to the public in November of 2017. Since being announced, reviews on the new device have been overwhelmingly

positive. The device has been lauded for its plethora of modern and innovative features as well as its appeal to a wider cross-section of the target market. Among the features that users will be able to enjoy is the 6 inch display outfitted with OLED FullVision, a 2.45 gigahertz processor, a 5 megapixel front facing camera and a 16 megapixel rear facing camera with outstanding resolution of 4656 by 3492 and LED flash.
