older. Over

120 pages of
entertainment
, adventures,
and mystery
with color
illustrations.
Introduction:
Hi! My name

is Txano and my twin brother is Oscar. Have you ever seen a meteorite crash to Earth? Well, we have... While on an excursion at the beginning of summer, a huge ball of fire flew across the sky in front of our eyes and crashed into the forest! Yes, I know we should have run away in the opposite direction, but we didn't, and we went searching for it, instead. And we found it. It was a strange green

stone. The mystery hiding behind its glow changed our lives forever. Why don't you come with us to discover it? *Malevolent Tales* Wentworth Press Julius was born in a mansion on Salaverry Avenue, directly across from the old San Felipe Hippodrome. Life-size Disney characters and cowboy movie heroes romp across the walls of his nursery. Out in the carriage

house, his great-grandfather's ornate, moldering carriage takes him on imaginary adventures. But Julius's father is dead, and his beautiful young mother passes through her children's lives like an ephemeral shooting star. Despite the soft shelter of family and money, hard realities overshadow Julius's expanding world, just as the rugged Andes loom over his home

in Lima. This lyrical, richly textured novel, first published in 1970 as *Un mundo para Julius*, opens new territory in Latin American literature with its focus on the social elite of Peru. In this postmodern novel Bryce Echenique incisively charts the decline of an influential, centuries-old aristocratic family faced with the invasion of foreign capital in the 1950s. Winner of the Outstanding Translation

Award of the American Literary Translators Association and the Columbia University Translation Center Award. **Folk Practices in North Mexico** Virtual Bookworm.Com Pub Incorporated What was it that flew over with such a terrifying roar? Was it, as many said, the devil, or was it that thing a few had heard of, a flying machine? And those electric lights at Jacob

Gallo's farm, were they witchcraft or were they science? The theme of this harshly powerful novel is the impact of modern technology and ideas on a few isolated, tradition-bound hamlets in the aftermath of the Mexican Revolution of 1910. The old ways are represented by Epifanio Trujillo, the cacique of the region, now ailing and losing his grip on things; by ancient Madre Matiana, the region's

midwife,
 healer,
 counselor, and
 oracle; by
 penniless
 Rómulo and
 his wife
 Mercedes.
 “Progress” is
 represented
 by Don
 Epifanio’s
 bastard son
 Jacob, who
 acquired
 money and
 influence
 elsewhere
 during the
 Revolution
 and who now,
 against his
 father’s will,
 brings
 electricity,
 irrigation,
 fertilizers, and
 other
 modernities to
 the lean
 lands—togeth
 er with armed

henchmen.
 The conflict
 between the
 old and the
 new builds
 slowly and
 inexorably to
 a violent
 climax that
 will long
 remain in the
 reader’s
 memory. The
 author has
 given
 psychological
 and historical
 depth to his
 story by
 alternating
 the passages
 of narrative
 and dialogue
 with others in
 which several
 of the major
 characters
 brood on the
 past, the
 present, and
 the future. For
 instance,

Matiana, now
 in her
 eighties,
 touchingly
 remembers
 how she was
 married and
 widowed
 before she
 had reached
 her
 seventeenth
 birthday. This
 dual
 technique is
 superbly
 handled, so
 that people
 and events
 have both a
 vivid actuality
 and an inner
 richness of
 meaning. The
 impact of the
 narrative is
 intensified by
 the twenty-
 one striking
 illustrations by
 Alberto
 Beltrán.

Xarpa Books (Julio Santos) In the history, the very personality, of New York City, few events loom larger than the wave of immigration at the turn of the last century. Today a similar influx of new immigrants is transforming the city again. Better than one in three New Yorkers is now an

immigrant. From Ellis Island to JFK is the first in-depth study that compares these two huge social changes. A key contribution of this book is Nancy Foner's reassessment of the myths that have grown up around the earlier Jewish and Italian immigration—and that deeply color how today's Asian, Latin American, and Caribbean arrivals are seen. Topic by topic, she reveals the often

surprising realities of both immigrations. For example:

- Education: Most Jews, despite the myth, were not exceptional students at first, while many immigrant children today do remarkably well.
- Jobs: Immigrants of both eras came with more skills than is popularly supposed. Some today come off the plane with advanced degrees and capital to start new

businesses. •
Neighborhood
s: Ethnic
enclaves are
still with us
but they're no
longer always
slums—today'
s new
immigrants
are reviving
many
neighborhood
s and some
are moving to
middle-class
suburbs. •
Gender: For
married
women a
century ago,
immigration
often,
surprisingly,
meant less
opportunity to
work outside
the home.
Today, it's just
the opposite.
• Race: We
see Jews and

Italians as
whites today,
but to turn-of-
the-century
scholars they
were
members of
different, alien
races.
Immigrants
today appear
more racially
diverse—but
some
(particularly
Asians) may
be changing
the
boundaries of
current racial
categories.
Drawing on a
wealth of
historical and
contemporary
research and
written in a
lively and
entertaining
style, the book
opens a new
chapter in the

study of
immigration—
and the story
of the nation's
gateway city.

Derek
Walcott's
eighth
collection of
poems, The
Arkansas
Testament, is
divided into
two parts--
"Here," verse
evoking the
poet's native
Caribbean,
and
"Elsewhere." It
opens with six
poems in

quatrains whose memorable, compact lines further Walcott's continuous effort to crystallize images of the Caribbean landscape and people. For several years, Derek Walcott has lived mainly in the United States. "The Arkansas Testament," one of the book's long poems, is a powerful confrontation of changing allegiances. The poem's crisis is the taking on of an extra history, one

that challenges unquestioning devotion. *Nosotros* University of Texas Press My Personalized Prayer Journal Notebook: A Daily Guide to Prayer, Gratitude and Devotion This beautifully designed 6x9" journal notebook provides the perfect place for you record your meditations, prayers and thoughts. Me gustas tú
Peter Lang Incorporated, International Academic Publishers

The Mexican folkways described in this monograph, of scientific interest to anthropologists, will fascinate laypeople as well. Isabel Kelly collected these notes in the 1950s, as a diversion when official field work was not feasible, in the vicinity of Torreón and particularly in the nearby village of El Cuije, in northern Mexico. She recounts folk customs and habits, focusing on beliefs and

practices related to health and healing and on notions concerning magic. These form, Kelly believes, a core of folk culture which has survived tenaciously in the rural areas and on the outskirts of the cities, among mestizo families of scant education and limited economic resources. These people are well acquainted with simple, matter-of-fact illnesses which result

from natural causes and which respond to treatment by herbal and other home remedies or by modern medicines. But they also recognize the evil eye and the emotional upset known as "fright." They are thoroughly familiar with the ever-present danger of ailments which are not "natural" and God-sent, but which are deliberately inflicted by an enemy, through the artifice of a sorcerer or a

spiritualist. Such “instigated” illnesses may take any form, from a cold in the head to a false pregnancy. If a person suspects that poor health results from such malevolence, he or she spurns Western medicine and looks instead to the witch or to the spiritualist as the only hope of a cure. El Cuije pays an annual quota from community funds to make available modern health services provided by the government. But community funds are similarly drawn upon to provide “medical” attention for those who repair to the sorcerers. Once a week the village truck takes all presumed witchcraft victims to a nearby town, where they receive clinical treatment from professional sorcerers. Kelly sees little that is genuinely indigenous in the beliefs and practices described; many of them demonstrably result from infiltration from the Old World in the years following the Spanish Conquest. She considers spiritualistic curing—important in northern Mexico and many other parts of Latin America—in some detail, but the specific outlines of its history in northern Mexico still awaited clarification at

the time of
her research.

This definitive
edition of
Columbus's
account of the
voyage
presents the

most accurate
printed
version of his
journal
available to
date.

Unfortunately
both
Columbus's
original
manuscript,
presented to
Ferdinand and
Isabella along
with other
evidence of
his
discoveries,
and a single
complete copy
have been lost
for centuries.

The primary
surviving
record of the
voyage-part
quotation,
part summary
of the
complete
copy-is a
transcription

made by
Bartolome de
las Casas in
the 1530s.
This new
edition of the
Las Casas
manuscript
presents its
entire
contents-
including
notes,
insertions, and
canceled text-
more
accurately,
completely,
and
graphically
than any other
Spanish text
published so
far. In
addition, the
new
translation,
which strives
for readability
and accuracy,
appears on
pages facing

the Spanish, encouraging on-the-spot comparisons of the translation with the original. Study of the work is further facilitated by extensive notes, documenting differences between the editors' transcription and translation and those of other transcribers and translators and summarizing current research and debates on unanswered current

research and debates on unanswered questions concerning the voyage. In addition to being the only edition in which Spanish and English are presented side by side, this edition includes the only concordance ever prepared for the Diario. Awaited by scholars, this new edition will help reduce the guesswork that has long plagued the study of Columbus's voyage. It may shed light on a number

of issues related to Columbus's navigational methods and the identity of his landing places, issues whose resolution depend, at least in part, on an accurate transcription of the Diario. Containing day-by-day accounts of the voyage and the first sighting of land, of the first encounters with the native populations and the first appraisals of his islands explored, and

of a suspenseful return voyage to Spain, the *Diario* provides a fascinating and useful account to historians, geographers, anthropologists, sailors, students, and anyone else interested in the discovery- or in a very good sea story. Oliver Dunn received the PH.D. degree from Cornell University. He is Professor Emeritus in Purdue University and a longtime student of Spanish and

early history of Spanish America. James E. Kelley, Jr., received the M.A. degree from American University. A mathematician and computer and management consultant by vocation, for the past twenty years he has studied the history of European cartography and navigation in late-medieval times. Both are members of the Society for the History of Discoveries and have written extensively on

the history of navigation and on Columbus's first voyage, Although they remain unconvinced of its conclusions, both were consultants to the National geographic Society's 1986 effort to establish Samana Cay as the site of Columbus's first landing. [Escritores e ilustradores del libro infantil y juvenil](#) Yale University Press Horary is the branch of astrology that provides clear,

specific answers to specific questions. Quick, simple, and accurate, horary was for centuries the most valuable tool in any astrologer's work-box. Whether the question be on love, career, illness - or predicting the weather for a barbecue, this clear and comprehensive guide by a modern master of horary shows you how to answer it. The first edition of this book quickly established

itself as a classic of astrological teaching. Now this master of the craft shares his deepening understanding, bringing what he has learned in the intervening years of teaching and practice to clarify, expand upon, and correct the original text. With the wit and lucidity that characterise his writing, the author guides all from beginners to seasoned practitioners to the very

heart of horary astrology. "Frawley's prowess as a horary astrologer is awesome." - The Mountain Astrologer.
