<i>Popular Photography and National Modernity in Java</i> SUNY Press		The true-life adventure of a Western woman who found happiness in Bali, then stayed on in Indonesia to help in the struggle for freedom. The great-granddaughter of a witch from the Isle of Man, the adopted daughter of a Balinese rajah, hostess of one of the most glamorous hotels in the Far East, a prisoner of the Japanese for two horror-packed years and, as Surabaya Sue, an ardent supporter of the Indonesian revolution, K'tut Tantri is well acquainted with the unexpected. Adventure and courage run strong in her blood. It was in a Hollywood movie theater that she first discovered Bali and knew it for the place where she belonged. She had hoped to live and paint there quietly among the island's simple people, but destiny, in the form of a stalled car and a delightful young prince, took a hand and revised her plans. She was formally adopted by the prince's father, and...though she came to know the peasants of the Balinese kampongs, she knew also, and intimately, the life of a Balinese palace with all its ritual and tradition. This world lasted for only a few years. With war come the Japanese, presumably as deliverers overthrowing Dutch rule but in reality as tyrants. K'tut Tantri stayed on to join the underground movement agitating for Indonesian independence, and was eventually captured, imprisoned, tortured. Then with the end of hostilities she chose once again to ally herself with the Indonesians—this time in their resistance against the British and the returning Dutch. A friend of the leaders around Sukarno, she was instrumental in getting the Indonesian story to the outside world, and on several occasions she lent herself to enterprises requiring the combined talents of Mata Hari and T E. Lawrence. K'tut Tantri has an observant eye, an understanding knowledge, and she writes with spirit. Her story is a deeply moving personal drama and a vivid commentary on a period of crucial change in an ancient, romantic country.

<i>12th International Workshop, ISIP 2018, Fukuoka, Japan, May 14–15, 2018, Revised Selected Papers</i> Penguin UK		Classic tales of crime detection featuring Byomkesh Bakshi, the master inquisitor Written long before Satyajit Ray's Feluda series, Saradindu Bandyopadhyay's Byomkesh Bakshi mysteries heralded a new era in Bengali popular fiction. Set in the old-world Calcutta of the Raj, these stories featuring the astute investigator and his chronicler friend Ajit are still as gripping and delightful as when they first appeared. Byomkesh's world, peopled with wonderfully delineated characters and framed by a brilliantly captured pre-Independence urban milieu, is fascinating because of its contemporary flavor. In the first story, Byomkesh works undercover to expose an organized crime ring trafficking in drugs. In 'The Gramophone Pin Mystery', he must put his razor-sharp intellect to good use to unearh the pattern behind a series of bizarre roadside murders. In 'Calamity Strikes', the ace detective is called upon to investigate the strange and sudden death of a girl in a neighbour's kitchen. In the next story, he has to lock horns with an old enemy who has vowed to kill him with an innocuous but deadly weapon. And in 'Picture Imperfect', Byomkesh Bakshi unravels a complex mystery involving a stolen group photograph, an amorous couple, and an apparently unnecessary murder. Available in English for the first time in a superb translation, these stories will captivate every lover of crime fiction, young and old alike.

Geoff's day-to-day working life became a catalogue of tragedies, some of which involved people close to him, and he found himself spiralling downwards in the grip of post-traumatic

Media semiotics is a valuable method of focusing on the hidden meanings within media texts. This new edition brings Understanding Media Semiotics fully up to date and is written for students of the media, of linguistics and those interested in studying the ever-changing media in more detail. Offering an in-depth guide to help students investigate and understand the media using semiotic theory, this book assumes little previous knowledge of semiotics or linguistics, avoiding jargon and explaining the issues step by step. With in-depth case studies, practical accounts and directed further reading, Understanding Media Semiotics provides students with all the tools they need to understand semiotic analysis in the context of the media. Semiotic analysis is sometimes seen as complicated and difficult to understand; Marcel Danesi shows that on the contrary it can be readily understood and can greatly enrich students' understanding of media texts, from print media right through to the internet and apps.

stress disorder. When Esther McKay, fellow forensic investigator and author of the best-selling *Crime Scene*, heard that Geoff has been awarded maximum compensation for his suffering, she knew immediately this was a story that needed to be told. This is a harrowing account of what it is like to work on the front-line of crime and tragedy as a forensic investigator. But it is also the inspiring story of someone who has been exposed to sights and experiences many of us can hardly even imagine, yet has emerged from the darkness to begin his journey to recovery.

This book is concerned with the ways in which organizations design, build and use information technology systems. In particular it looks at the interaction between these IT-centred activities and the broader management processes within organizations. The authors adopt a critical social science perspective on these issues, and are primarily concerned with advancing theoretical debates on how best to understand the related processes of technological and organizational change. To this end, the book examines and deploys recent work on power/knowledge, actor-network theory and critical organization theory. The result is an account of the nature and significance of information systems in organizations which is an

Dramatic changes caused by a foreign-owned nickel mining company in an Indonesian town provide the setting for this ethnographic study. Robinson notes the changes that took place in Soroako, a village in Sulawesi. The book outlines the effects of this new development, principally in regard to the 1,000 indigenous Soroakans whose former agricultural land is now the site for the mining town. It presents an analysis of developing capitalist relations in the mining town, investigating changes not only in the sphere of production manifested in daily life as new forms of work, but also in culture and ideology. The book also investigates related changes in other areas of social life, in particular that of women's roles, marriage and the family, and the importance of ideologies of race and ethnicity in regulating relations between different groups in the mining town. Furthermore, Robinson shows that new ideological forms have arisen in the context of the evolving class structure.
