The epistemology of testimony is a rapidly developing area in contemporary analytic philosophy. In this first thorough survey of the recent debate on the subject, Axel Gelfert provides an

in-depth introduction to what has become one of the liveliest debates in contemporary epistemology. Covering existing literature and major debates, *A Critical Introduction to Testimony* discusses the epistemic status of testimony-based beliefs, relates changes to relevant developments in other areas and offers a critical perspective on

current and future research trends. Devoting space to both the applications of social epistemology and the larger conceptual issues of knowledge, Gelfert not only introduces the epistemology of testimony; he offers an up-to-date introduction to epistemology. Equipped with a mix of study questions, examples, and suggestions for further

reading, students of contemporary epistemology will find this a reliable guide to studying testimony as a source of knowledge. *Unequal Relations* Cambridge University Press New Media: A Critical Introduction is a comprehensive introduction to the culture, history, technologies and theories of new media. Written especially for students, the book considers the ways in which

'new media' really are new, assesses the claims that a media and technological revolution has taken place and formulates new ways for media studies to respond to new technologies. The authors introduce a wide variety of topics including: how to define the characteristics of new media; social and political uses of new media and new communications; new media technologies, politics and globalization;

everyday life and new media; theories of interactivity, simulation, the new media economy; cybernetics, cyberculture, the history of automata and artificial life. Substantially updated from the first edition to cover recent theoretical developments, approaches and significant technological developments, this is the best and by far the most comprehensive textbook available on this exciting

and expanding subject. At [www.newmediaintro.com](http://www.newmediaintro.com) you will find: additional international case studies with online references specially created YouTube videos on machines and digital photography a new 'Virtual Camera' case study, with links to short film examples useful links to related websites, resources and research sites further online reading links to specific arguments or discussion

topics in the book links to key scholars in the field of new media. [Being Unequal](#) Unequal Relations A Critical Introduction to Race, Ethnic, and Aboriginal Dynamics in Canada Unequal Relations: A Critical Introduction to Race, Ethnic, and Aboriginal Dynamics in Canada is the market-leading, single-voice text for Race and Ethnicity courses in Canada, and it includes comprehensive coverage of racism,

multiculturalism and diversity. This mature edition has been updated to remain current, and to include new sub-topics important to the discipline, including explicit discussion of the importance of immigration to Canada and its role in national building; older waves of immigration; and shifting attitudes of normalized immigrant groups. Unequal Relations An Introduction to Race, Ethnic,

and Aboriginal Dynamics in Canada Unequal Relations provides comprehensive coverage of the important issues and topics for courses on race and ethnicity including racism, multiculturalism and diversity. It gives students an introduction to the politics of race, ethnic, and Aboriginal relations as fundamentally unequal relations within a dynamic Canada, that

is both rapidly changing and increasingly diverse, yet more uncertain and confused. Three themes prevail in addressing this dynamic: the social, the political, and the national. Global Citizenship Education: A Critical Introduction to Key Concepts and Debates This annotated bibliography, a volume in the Greenwood series, Bibliographies and Indexes in Religious Studies,

provides access to the numerous writings, from the 1960s through the 1990s, on feminism and Christian tradition. Major feminist theologians and sociologists are represented. As a guide to further research, this cross-disciplinary approach presents themes and issues in both a historical and a topical framework. An extensive overview of feminism in relation to the

women's movement, women's studies, sociology and American religion introduces the literature and provides a historical context for the nearly one thousand entries that follow. Cross-referenced throughout, the literature is presented in six thematic categories that include introductory and background materials, feminism and the development of feminist theology,

topical literatures in feminist theology, feminism and womanist theology, religious leadership of women, and responses and recent developments. Separate author, subject, and title indexes complete the volume. *A Critical Introduction* Cambridge University Press Global Citizenship Education explores key ideas and issues within local, national and global

dimensions. Including examples and case studies from across the world, the authors draw on ideas, experiences and histories within and beyond 'the West' to contribute to multifaceted perspectives on global citizenship education. In concise chapters, the authors set out the key concepts and debates within the field. Global citizenship education is contextualized within key educational

frameworks, including citizenship education, global education, development education and peace education. Edda Sant, Ian Davies, Karen Pashby and Lynette Shultz explore the different ways in which global citizenship can be taught, learned and assessed in formal and informal contexts. Including examples from a wide range of education institutions, chapters

provide overviews of policy making and international practices borne out of different approaches to global citizenship education. With each chapter including a summary of key issues, an annotated list of key resources, an exercise for students and a further reading list, Global Citizenship Education will aid understanding of this complex and debated area

of study. **Development and International Relations** Bloomsbury Publishing Tourism to and within India has undergone some important changes in recent years seen by the rising numbers of international tourists and increase in domestic tourism. This has led to the redevelopment and rebranding of many of its destinations as the Indian government has begun to

recognise the potential importance of tourism to the Indian economy and has begun to invest in tourism infrastructure. It is also recognised that as its economy continues to grow at a rapid rate, India will also become one of the most important countries in terms of future outbound tourism. Tourism and India is the first book to specifically focus on and fully analyze

the issues facing contemporary India both as a destination and a potential source of tourists. The book analyses previous research and applies critical theory to key aspects of tourism in this region and supports this with a wide range of examples to illustrate the key conceptual points. As such the book examines aspects of tourism in India including governance,

cultural tourism, heritage tourism, nature-based tourism from the supply side and international tourism, domestic tourism, outbound tourism and the Indian Diaspora from the demand side. This timely book includes original research to offer insights into India's future development in terms of tourism. It will be of interest to students, researchers and

academics in the areas of Tourism, Geography and related disciplines.  
**Contemporary Employment Relations**  
Macmillan International Higher Education Immigration, Racial and Ethnic Studies in 150 Years of Canada: Retrospects and Prospects provides a wide-ranging overview of immigration and contested racial and ethnic relations in Canada since confederation with a core

theme being one of enduring racial and ethnic conflict.  
*Organizational Behaviour and Work*  
Routledge  
This work covers theoretical developments and issues influencing the study of adult ageing. It explores contemporary trends in social policy drawing on the experience of ageing in the USA, Europe and an increasingly global environment. Feminist perspectives

on ageing are also covered.  
**A Critical Introduction**  
Oxford University Press, USA  
This book provides students with a critical introduction to the British political system and the context of contemporary British policy making. Too often the importance of interpretation, to any understanding of British politics is neglected. Attention to conveying factual information takes

precedence over developing theoretical understandings. This book is different, in that it provides an account of British politics that is conceptually and theoretically driven. It not only outlines the key features of British politics but which also provides critical perspectives on them. McAnulla uses particular concepts and theories to illuminate the key dynamics of British

politics i.e. to the ideas, practices and relationships that sustain the political system. Particular attention is devoted to understanding contemporary developments through an appreciation of the traditional dynamics of British politics. > *Irish Social Policy (second Edition)* Routledge Appropriate for race and ethnic relations or ethnic studies courses found in most universities

and colleges across Canada. Considered to be the market leader in courses on racism and ethnicity, *Unequal Relations* is highly regarded by adopters for its extensive and comprehensive coverage and its balanced treatment of the topic. In this fourth edition, the content has been refined and a test item file has been added. Fleras has included a new chapter

on gender, without sacrificing the gender dimension in each of the chapters. The material in this text has been updated to keep it fresh and the concepts of multiculturalism, multicultural citizenship, and human rights continue to be reassessed in light of national and international developments. Each chapter opens with a "Debate Box" that sets the tone for the chapter and concludes

with "Debate Revisited" box that draws inferences from the preceding debate. Many of the case studies have been revamped to incorporate a debate format. The "pro" and "con" approach is intended to engage readers in grappling with the issues that reflect different life experiences. *Critical Applied Linguistics* Routledge Introduction to International Relations

provides students with a complete understanding of theory and how it applies to the real world. With comprehensive coverage of all major classical and contemporary theories and approaches, the text focuses on the connections between theory and current issues in international relations. *Theories of International Relations* Prentice Hall We may think we control our own destinies, but who we

are, how we think, what we feel, and how we act are shaped by multiple, intersecting identities that have different amounts of power and value in our society. *Being Unequal* explores how identity categories associated with race, class, gender, and sexuality help shape inequality. This concise and accessible book asks: How is identity experienced? How does identity help reproduce inequality?

How does identity help resist inequality? What is the relationship between micro and macro inequality—in other words, how do our personal experiences shape larger social forces? *Being Unequal* argues that identities matter because they are a critical part of a complex social process in which everyday interactions contribute to larger systems of structural inequality. By

recognizing the links between identity and inequality, *Being Unequal* also highlights the power of collective action to resist and oppose domination and exploitation. Filled with engaging real-world examples ranging from the social construction of momentary high school cliques to the emergence of momentous social movements, *Being Unequal* is a powerful introduction to

social identities and the ways they shape our world.

**A Critical Introduction**

Routledge  
The fully updated and revised fifth edition of this widely-used text provides a comprehensive survey of leading perspectives in the field. Updated throughout to take account of major events and developments, such as the Arab Spring, it also includes new material on neo-realism and

neo-liberalism, postcolonialism and cosmopolitanism.

*A Critical Introduction*  
John Wiley & Sons  
This interdisciplinary work discusses the construction, maintenance, evolution, and destruction of home and community spaces, which are central to the development of social cohesion. By examining how people throughout the world form different communities to establish a

sense of home, the volume surveys the formation of identity within the context of rapid development, global and domestic neoliberal and political governmental policies, and various societal pressures. The themes of cooperation, conflict, inclusion, exclusion, and balance require negotiation between different actors (e.g., the state, professional developers,

social activists, and residents) as homes and communities develop.

**An Annotated Bibliography and Critical Introduction to the Literature**

BRILL

This edited volume studies the after-effects of genocide, exploring the ways in which societies are shaped by a history of such extreme violence. Contributions from a variety of perspectives, including law, political

science, sociology, and ethnography, explore previously overlooked themes and cases to reassess existing assumptions in the field.

Unequal Relations ABC-CLIO

Balancing provocative criticism with clear explanations of complex ideas, this student-friendly introduction investigates the crucial role global entertainment media has played in the emergence of

transitional capitalism. Examines the influence of global entertainment media on the emergence of transnational capitalism, providing a framework for explaining and understanding world culture as part of changing class relations and media practices. Uses action adventure movies to demonstrate the complex relationship between international media political

economy, entertainment content, global culture, and cultural hegemony. A&C Black Race and Ethnicity in Canada: A Critical Introduction is a core text for both one-semester and full-year sociology-of-work courses, either alone or in combination with other

materials. The aim of this book is to help students analyze and understand some of the complex patterns of immigration, aboriginal/non-aboriginal relations and of race and ethnic relations in Canada. In doing so, it deals with major approaches to, and explanations of, a number of issues that are central to the field. The authors adopt a position of methodological and theoretical

pluralism in order to encourage students to think critically about these issues. The text begins with a discussion of central concepts and theories in the field of race and ethnic relations. Chapter 2 provides historical context for understanding contemporary patterns of immigration, French-English relations, race and ethnic relations and Aboriginal/non-Aboriginal relations. Chapter 3

discusses issues associated with the contemporary immigration system. Chapter 4 looks at economic inequality among immigrants, non-immigrants and racial and ethnic groups. Chapter 5 examines issues of ethnic identity and multiculturalism. Chapter 6 outlines various definitions of racism, and evaluates a number of sociological explanations for racism. Chapter 7 turns to contemporary Aboriginal/non-Aboriginal relations. Finally, Chapter 8 explains and critiques two new approaches to the study of immigration and ethnic relations: the concepts of 'diaspora' and 'transnationality.'

A Critical Introduction  
Rowman & Littlefield  
This book challenges the usual introductions to the study of law. It argues that law is inherently political and reflects the interests of the few even while presenting itself as neutral. It considers law as ideology and as politics, and critically assesses its contribution to the creation and maintenance of a globalized and capitalist world. The clarity of the arguments are admirably suited to provoking discussions of the role of law in our contemporary

world. This third edition provides contemporary examples to sustain the arguments in their relevance to the twenty-first century. The book includes an analysis of the common sense of law; the use of anthropological examples to gain external perspectives of our use and understanding of law; a consideration of central

legal concepts, such as order, rules, property, dispute resolution, legitimation and the rule of law; an examination of the role of law in women's subordination and finally a critique of the effect of our understanding of law upon the wider world. This book is ideal for undergraduate and postgraduate

students reading law.
