Boundaries is the book that's helped over 4 million people learn when to say yes and know how to say no in order to take control of their lives. Does your life feel like it's out of control? Perhaps you feel like you have to say yes to everyone's requests. Maybe you find yourself readily taking responsibility for others' feelings and problems. Or perhaps you focus so much on being loving and unselfish that you've forgotten your own limits and limitations. Or maybe it's all of the above. In the New York Times bestseller, *Boundaries*, Drs. Henry Cloud and John Townsend help you learn when to say yes and know how to say no in order to take control of your life and set healthy, biblical boundaries with your spouse, children, friends, parents, co-workers, and even yourself. Now updated and expanded for the digital age, this book continues to help millions of people around the world answer these tough questions: Can I set limits and still be a loving person? What are legitimate boundaries? How do I effectively manage my digital life so that it doesn't control me? What if someone is upset or hurt by my boundaries? How do I answer someone who wants my time, love, energy, or money? Why do I feel guilty or afraid when I consider setting boundaries? How do boundaries relate to mutual submission within marriage? Aren't boundaries selfish? You don't have to let your life spiral out of control. Discover how boundaries make life better today! Plus, check out *Boundaries* family collection of books dedicated to key areas of life - dating, marriage, raising kids, parenting teens, and leadership. Who do you think is stronger - the Sun or the North Wind? They both found themselves in a dispute because they both thought that they were strongest. They saw a traveler who was just passing by and they decided that whoever made the man remove his cloak would be proclaimed the strongest. A winner is declared. Who will it be and what is the moral of the story? Find out in Aesop's fable "The North Wind and the Sun". Aesop's fables feature animals, legendary creatures, plants, inanimate objects, or forces of nature that speak, solve problems, and generally have human characteristics. All the stories story lead to a particular moral lesson. Aesop (620-564 BCE) was a storyteller that was believed to have lived in Ancient Greece. He is celebrated for a number of fables now collectively known as Aesop's Fables. In the few scattered sources about his life, Aesop was described as a slave who by his cleverness acquires freedom and becomes an adviser to kings and city-states. Although Aesop's existence remains unclear, numerous tales credited to him were gathered across the centuries and in many languages in a storytelling tradition that continues to this day.
