## AGUILAR HAMMOND

The Story of the Plott Hound: Strike & Stay Hippocrene Books  
Steve Hulett's memoir of his decade at the Disney Studio is a one-of-a-kind chronicle of Disney's slow, painful transition from the days of Walt to the era of Eisner.

*The Fox and the Hounds* Crescent

When your life is a hot mess at twenty, it's cute. At twenty-seven, well, not so much. It's just that my lofty dreams, making it as a real estate agent, paying rent on time, showering daily, have stayed just that: dreams. Oh, and love? I've decided love might be a little ambitious for me at the moment. Instead, I've settled for the two guys who will never leave me: Ben & Jerry. That is, until Dr. Adam Foxe takes up residence as the town's new vet. With his strong jaw, easy confidence, and form-fitting scrubs, it's not long before every housewife in Hamilton is dragging neglected tomcats in for weekly checkups. Like everyone else, I'm intrigued. Even after I spoil my chance at a good first impression, he still offers me a proposition I can't refuse: play his girlfriend at a family function and he'll hire me as his real estate agent. Welcome to love in the 21st century.

Most books about espionage in the American Revolutionary War tend to focus solely on General George Washington, but as noted historian Donald E. Markle explores in this fascinating account, there was an entire system of intelligence communication autonomous from his direction. General Washington and General Charles Cornwallis were engaged in a constant battle to outmaneuver each other, and Cornwallis seemed to always be one step behind Washington and his intelligence departments. As the war progressed, the Americans and British slowly learned one another's tactics, allowing the hunt between the fox (Washington) and the hound (Cornwallis). THE FOX AND THE HOUND walks readers through the early stages of the war, when gathering and distributing intelligence was a challenge without a centralized government to organize a network. Markle tells us how and why

Washington created multiple intelligence-gathering departments within the colonies, which included most of the East Coast from Georgia to New Hampshire and even parts of Canada--all operating under a command structure unique to their surrounding geography. This book explores the many depths of the intelligence networks from civilian men and women who dedicated their lives to the American cause, to the introduction of code ciphers and the first spy equipment such as David Bushnell's turtle submarine and Benjamin Franklin's jet boat. Without the dedication of Washington and his innovative loyal supporters, it's quite possible that the outcome of the war may have been different. Military and American history enthusiasts will find this a valuable resource for their collections.

**The Fox and the Hound** Arcadia Publishing

Tod the Fox and Copper the hound are youthful playmates and unlikely friends who, despite their differences, grow up to save each other's lives.

A young fox and a puppy form a friendship, but as they grow up, they realize that their relationship can not stay the same.

*The Fox and the Hound* HarperCollins

*Pinocchio, The Tale of a Puppet* follows the adventures of a talking wooden puppet whose nose grew longer whenever he told a lie and who wanted more than anything else to become a real boy. As carpenter Master Antonio begins to carve a block of pinewood into a leg for his table the log shouts out, "Don't strike me too hard!" Frightened by the talking log, Master Cherry does not know what to do until his neighbor Geppetto drops by looking for a piece of wood to build a marionette. Antonio gives the block to Geppetto. And thus begins the life of Pinocchio, the puppet that turns into a boy. *Pinocchio, The Tale of a Puppet* is a novel for children by Carlo Collodi is about the mischievous adventures of Pinocchio, an animated marionette, and his poor father and woodcarver Geppetto. It is considered a classic of children's literature and has spawned many derivative works of art. But this is not the story we've seen in film but the original version full of harrowing adventures faced by Pinocchio. It includes 40 illustrations.

Mouse in Transition Random House Books for Young Readers

The Plott bear hound, a dog originally from Germany and developed in the North Carolina mountains, is known as one of the world's best hunting dog breeds. Recognized now as one of

the premier hunting dogs in America, the Plott bear hound is unique among hunting dog breeds because it descends from Germanic stock rather than the traditional English foxhound. The breed's story began when its original breeder, Johannes Plott, and his brother Enoch left Germany in 1750 with their prized hunting dogs. This trip across the Atlantic began the two-hundred-year journey that would culminate in the North Carolina mountains with the development of what is now arguably the world's finest breed of hunting dog. This fascinating story of the Plott family and the Plott hound is a classic American tale of adventurers and underdogs--a story that Bob Plott, the great-great-grandson of Johannes Plott, is uniquely qualified to tell.

**101 Dalmatians/the Fox and the Hound** Candlewick Press

*The Fox and the Hound*

From the movie "The fox and the hound."

*The Fox and the Hound Storybook*

"The fox knows many things, but the hedgehog knows one big thing." This ancient Greek aphorism, preserved in a fragment from the poet Archilochus, describes the central thesis of Isaiah Berlin's masterly essay on Leo Tolstoy and the philosophy of history, the subject of the epilogue to *War and Peace*. Although there have been many interpretations of the adage, Berlin uses it to mark a fundamental distinction between human beings who are fascinated by the infinite variety of things and those who relate everything to a central, all-embracing system. Applied to Tolstoy, the saying illuminates a paradox that helps explain his philosophy of history: Tolstoy was a fox, but believed in being a hedgehog. One of Berlin's most celebrated works, this extraordinary essay offers profound insights about Tolstoy, historical understanding, and human psychology. This new edition features a revised text that supplants all previous versions, English translations of the many passages in foreign languages, a new foreword in which Berlin biographer Michael Ignatieff explains the enduring appeal of Berlin's essay, and a new appendix that provides rich context, including excerpts from reviews and Berlin's letters, as well as a startling new interpretation of Archilochus's epigram.

Disney's the Fox and the Hound

A young fox and a puppy form a friendship, but as they grow up, they realize that their relationship can not stay the same.

The Hedgehog and the Fox

As infants, a fox and a hound become friends before they learn they are supposed to be enemies.
